## **Information about your proposed art work**

### Description of proposed art work

Please describe the proposed art work, including artist's intention, historical references (if any), relationship to the building design and the surrounding area, location, size, materials and accessibility to the public. You can use the space provided below or attach a separate sheet.

## **Art Work Documentation**

Please attach the following documentation of the proposed artwork including:

- drawings of the proposed art work that show colours, materials and dimensions
- a set of plans that show the proposed art work's location in relation to the building
- a copy of the contract between the Developer and the Artist
- a copy of a detailed Art Work Budget

## **Completion and Installation of Art Work**

When will the art work be completed and installed?

The developer and Council will enter into an agreement under Part 5 of the Land Use and Planning Approvals Act, as a condition of the planning permit, which sets out the conditions for the implementation, approval and maintenance of the Public Art.

Once the art work has been installed, the Owner/Applicant must notify the Arts and Cultural Development Coordinator in writing.

## **How Will This Art Work Proposal Be Assessed?**

The Public Art Panel will assess your application based on the criteria as set out in **Attachment A: Public Art Assessment Criteria.**

If you would like any assistance with completing this application, please contact the Arts and Cultural Development Coordinator
