

MINUTES OF A MEETING OF THE CLARENCE CITY COUNCIL HELD AT THE COUNCIL CHAMBERS, BLIGH STREET, ROSNY PARK, ON MONDAY 23 NOVEMBER 2020

HOURLY CALLED: 7.00pm

PRESENT: The meeting commenced at 7.00pm with the Mayor (Ald D C Chipman) in the Chair and with Aldermen:

B A Blomeley
L Edmunds
D Ewington
R H James
W Kennedy
T Mulder
J Peers
S von Bertouch
J Walker
B Warren; present.

1. APOLOGIES H Chong

ORDER OF BUSINESS Items 1 – 13

IN ATTENDANCE

Acting General Manager
(Ms M Coleman)

Group Manager Engineering Services
(Mr R Graham)

Manager City Planning
(Mr R Lovell)

Manager Health and Community Development
(Mr J Toohey)

Acting Manager Governance
(Mrs T Doubleday)

Executive Officer to the General Manager
(Ms J Ellis)

The Meeting closed at 10.04pm.

Prior to the commencement of the meeting, the Mayor made the following declaration:

“I acknowledge the Tasmanian Aboriginal Community as the traditional custodians of the land on which we meet today, and pay respect to elders, past and present”.

The Mayor also advised the Meeting and members of the public that Council Meetings, not including Closed Meeting, are audio-visually recorded and published to Council’s website.

COUNCIL MEETING
MONDAY 23 NOVEMBER 2020

1. ATTENDANCE AND APOLOGIES

Refer to cover page.

2. ***CONFIRMATION OF MINUTES

RECOMMENDATION:

That the Minutes of the Council Meeting held on 2 November 2020 and the Special Council (Planning Authority) Meeting held on 16 November 2020, as circulated, be taken as read and confirmed.

Decision: **MOVED** Ald Peers **SECONDED** Ald Kennedy

“That the Minutes of the Council Meeting held on 2 November 2020 and the Special Council (Planning Authority) Meeting held on 16 November 2020, as circulated, be taken as read and confirmed”.

CARRIED UNANIMOUSLY

3. MAYOR'S COMMUNICATION

The Mayor reported on the following meetings and attendances since the last Council Meeting:

Mayor

- 3 November: RDA Tasmania – Presentation – Minister Barnett;
TasWater Operations Inquiry – Public Hearings;
- 4 November: TasWater ORG General Meeting (AGM);
- 10 November: Hobart Airport Community Aviation Consultative Group Meeting;
- 11 November: Lindisfarne RSL Remembrance Day – Service;
- 15 November: Warrane Community Garden Market;
Squash Championships Presentation;
- 16 November: TasWater – LG Expert Advisory Group;
- 17 November: Greater Hobart Mayors' Forum;
- 18 November: Photoshoot – Alexandra (student) re Take 3 for the sea artwork.

Deputy Mayor

- 17 November: SAPRA AGM and General Meeting (on behalf of the Mayor).

4. ***COUNCIL WORKSHOPS

In addition to the Aldermen's Meeting Briefing (workshop) conducted on Friday immediately preceding the Council Meeting the following workshops were conducted by Council since its last ordinary Council Meeting:

PURPOSE	DATE
Presentation – Southern Waste Solutions	
Presentation – Proposed Subdivision Sandford	
Bridge Street Richmond Master Plan	
State of the Art Dog Park	
Almas Activities Centre Upgrade	9 November
Presentation – Jetty Project East	
Special Committee Appointments	
Staff Resourcing	16 November

RECOMMENDATION:

That Council notes the workshops conducted.

Decision: **MOVED** Ald Peers **SECONDED** Ald Kennedy

“That the Recommendation be adopted”.

CARRIED UNANIMOUSLY

5. DECLARATIONS OF INTERESTS OF ALDERMAN OR CLOSE ASSOCIATE

In accordance with Regulation 8 of the Local Government (Meeting Procedures) Regulations 2015 and Council's adopted Code of Conduct, the Mayor requests Aldermen to indicate whether they have, or are likely to have a pecuniary interest (any pecuniary benefits or pecuniary detriment) or conflict of interest in any item on the Agenda.

INTEREST DECLARED: **NIL**

6. *TABLING OF PETITIONS**

Nil

7. PUBLIC QUESTION TIME

Public question time at ordinary Council meetings will not exceed 15 minutes. An individual may ask questions at the meeting. Questions may be submitted to Council in writing on the Friday 10 days before the meeting or may be raised from the Public Gallery during this segment of the meeting.

The Chairman may request an Alderman or Council officer to answer a question. No debate is permitted on any questions or answers. Questions and answers are to be kept as brief as possible.

7.1 PUBLIC QUESTIONS ON NOTICE

Nil.

7.2 ANSWERS TO QUESTIONS ON NOTICE

Nil.

7.3 ANSWERS TO PREVIOUS QUESTIONS TAKEN ON NOTICE

The General Manager provides the following answer to Question taken on Notice from members of the public at previous Council Meetings.

At Council's Meeting of 2 November 2020 Mr Victor Marsh of Bellerive asked the following question:

TENDERING PROCESS – FOOTPATH AND LANDSCAPING WORKS

The tendering process for the variously names "footpath and landscaping" works in the western end of Bellerive Beach Regional Park has been delayed from early 2020 until late 2020.

My question is: During this time what has happened to the \$100,000 given to the Council in early 2019 by former Premier Will Hodgman for works in the park?

ANSWER

An extension for the time period for the Communities, Sport and Recreation grant is being sought from the Department of Communities Tasmania

7.4 QUESTIONS WITHOUT NOTICE

Mr Chris Boron of Howrah asked the following question.

WENTWORTH CHILDREN'S PLAYGROUND

A Senior Inspector at Tas Police has recommended I advise Council again (4th time) to increase safety at the Wentworth Children's Playground gravel carpark.

Tas Police has agreed to increase presence at the Park, especially in night hours, when other anti-social behaviour, also takes place.

As you are aware, Hoons have increased their hooning circuit, by moving strategically placed rocks.

Relocating the rocks and perhaps adding more, would increase safety to those using the playground carpark and reduce the hooning circuit.

It is not rocket science and a no brainer! Another indigenous flag flying fiasco?

Who is accountable for public safety at CCC?

ANSWER

The Group Manager Engineering Services advised that a response has been prepared for Mr Boron. The large boulders used to discourage anti-social behaviour will be replaced and additional boulders will be installed.

8. DEPUTATIONS BY MEMBERS OF THE PUBLIC

(In accordance with Regulation 38 of the Local Government (Meeting Procedures) Regulations 2015 and in accordance with Council Policy, deputation requests are invited to address the Meeting and make statements or deliver reports to Council)

DEVELOPMENT APPLICATION PDPLANPMTD-2020/012606 – 84 EAST DERWENT HIGHWAY, LINDISFARNE – 3 MULTIPLE DWELLINGS (1 EXISTING + 2 NEW)
(REFER ITEM 11.3.1)

Mr Geoff and Mrs Annabel Carle provided a deputation regarding the above Development Application which was read out by the Acting General Manager.

Mr Stephen and Mrs Diana Forsyth provided a deputation regarding the above Development Application which was read out by the Acting General Manager.

M/s Emma Forsyth provided a deputation regarding the above Development Application which was read out by the Acting General Manager.

CONDUCT OF ALDERMEN

A deputation was received from Mrs Joanne Marsh of Bellerive regarding the conduct of Aldermen. As it was considered that it did not comply with Council's adopted Policy for Deputations, created under Regulation 38 of the Local Government (Meeting Procedures) Regulations 2015, it was not read out by the Acting General Manager.

9. MOTIONS ON NOTICE

Nil

10. *REPORTS FROM OUTSIDE BODIES**

This agenda item is listed to facilitate the receipt of both informal and formal reporting from various outside bodies upon which Council has a representative involvement.

10.1 *REPORTS FROM SINGLE AND JOINT AUTHORITIES**

Provision is made for reports from Single and Joint Authorities if required.

Council is a participant in the following Single and Joint Authorities. These Authorities are required to provide quarterly reports to participating Councils, and these will be listed under this segment as and when received.

- **COPPING REFUSE DISPOSAL SITE JOINT AUTHORITY**

Representatives: Ald James Walker
(Ald Luke Edmunds, Deputy Representative)

Quarterly Reports

September Quarterly Report pending.

Representative Reporting

- **TASWATER CORPORATION**

The Mayor advised that a Meeting was held on 4 November and tabled both the Annual Report and Quarterly Report.

- **GREATER HOBART COMMITTEE**

10.2 *REPORTS FROM COUNCIL AND SPECIAL COMMITTEES AND OTHER REPRESENTATIVE BODIES**

BELLERIVE COMMUNITY ARTS CENTRE

- Ald Kennedy tabled the Minutes of a Meeting held on Wednesday 11 November 2020

HOWRAH COMMUNITY CENTRE

- Ald Mulder tabled the Minutes of a general meeting and Annual General Meeting held on Thursday 19 November 2020.

CLARENCE CITY BAND

- Ald von Bertouch reminded Alderman of the invitation to the Clarence City Band Awards to be held on 6 December.

11. REPORTS OF OFFICERS**11.1 ***WEEKLY BRIEFING REPORTS**

The Weekly Briefing Reports of 2, 9 and 16 November 2020 have been circulated to Aldermen.

RECOMMENDATION:

That the information contained in the Weekly Briefing Reports of 2, 9 and 16 November 2020 be noted.

Decision: **MOVED** Ald Peers **SECONDED** Ald Kennedy

“That the Recommendation be adopted”.

CARRIED UNANIMOUSLY

11.2 DETERMINATION ON PETITIONS TABLED AT PREVIOUS COUNCIL MEETINGS

Nil.

11.3 PLANNING AUTHORITY MATTERS

In accordance with Regulation 25 (1) of the Local Government (Meeting Procedures) Regulations 2015, the Mayor advises that the Council intends to act as a Planning Authority under the Land Use Planning and Approvals Act 1993, to deal with the following items:

11.3.1 DEVELOPMENT APPLICATION PDPLANPMTD-2020/012606 – 84 EAST DERWENT HIGHWAY, LINDISFARNE - 3 MULTIPLE DWELLINGS (1 EXISTING + 2 NEW)**EXECUTIVE SUMMARY****PURPOSE**

The purpose of this report is to consider the application made for 3 Multiple Dwellings (1 existing + 2 new) at 84 East Derwent Highway, Lindisfarne.

RELATION TO PLANNING PROVISIONS

The land is zoned General Residential and subject to the parking and Access and Stormwater Management codes under the Clarence Interim Planning Scheme 2015 (the Scheme). In accordance with the Scheme the proposal is a Discretionary development.

LEGISLATIVE REQUIREMENTS

The report on this item details the basis and reasons for the recommendation. Any alternative decision by Council will require a full statement of reasons in order to maintain the integrity of the Planning approval process and to comply with the requirements of the Judicial Review Act and the Local Government (Meeting Procedures) Regulations 2015.

Note: References to provisions of the Land Use Planning and Approvals Act 1993 (the Act) are references to the former provisions of the Act as defined in Schedule 6 – Savings and Transitional Provisions of the Land Use Planning and Approvals Amendment (Tasmanian Planning Scheme Act) 2015. The former provisions apply to an interim planning scheme that was in force prior to the commencement day of the Land Use Planning and Approvals Amendment (Tasmanian Planning Scheme Act) 2015. The commencement day was 17 December 2015.

Council is required to exercise a discretion within the statutory 42-day period which expires on 25 November 2020.

CONSULTATION

The proposal was advertised in accordance with statutory requirements and four representations were received, two of which related to the same property, raising the following issues:

- overshadowing;
- visual impacts;
- privacy;
- waste storage;
- vegetation;
- loss of views;
- design;
- solar access for Unit 3;
- traffic;
- separation of dwellings; and
- density.

RECOMMENDATION:

- A. That the Development Application for 3 Multiple Dwellings (1 existing + 2 new) at 84 East Derwent Highway, Lindisfarne (C1 Ref PDPLANPMTD-2020/012606) be approved subject to the following conditions and advice.
1. GEN AP1 – ENDORSED PLANS.
 2. ENG A1 – DESIGNS DA.
 3. ENG A1 – NEW CROSSOVER.
 4. ENG A5 – SEALED CAR PARKING.
 5. TASWATER – TASWATER
The development must meet all required Conditions of Approval specified by TasWater notice dated 5/10/2020 (TWDA 2020/01566-CCC).
- B. That the details and conclusions included in the Associated Report be recorded as the reasons for Council’s decision in respect of this matter.

Decision:**MOVED** Ald James **SECONDED** Ald Mulder

“A. That the Development Application for 3 Multiple Dwellings (1 existing + 2 new) at 84 East Derwent Highway, Lindisfarne (C1 Ref PDPLANPMTD-2020/012606) be refused for the following reasons.

The proposal does not satisfy the Performance Criteria 10.4.2P1(a)(i)(ii) or (iv) in that:

Clause 10.4.2 P1 (a) Siting and Scale, Loss of Amenity**(i) reduction of sunlight to habitable room windows at 82 East Derwent Highway**

The proposed development would impact on and cause overshadowing and unreasonable loss of amenity from reduction in sunlight to a habitable room windows on adjoining property at 82 East Derwent Highway, Lindisfarne.

(ii) overshadowing the private open space of the dwelling at 28A Loatta Road

The proposed development would cast shadowing to their private open space and would unreasonably impact upon amenity on the adjoining property at 28A Loatta Road, Lindisfarne.

/ Decision contd on Page 18...

DEVELOPMENT APPLICATION PDPLANPMTD-2020/012606 – 84 EAST DERWENT HIGHWAY, LINDISFARNE - 3 MULTIPLE DWELLINGS (1 EXISTING + 2 NEW) /Decision contd...

(iv) **visual impacts caused by the apparent scale, bulk or proportions of the dwellings when viewed from 28A Loatta Road, Lindisfarne.**

(iii) overshadowing the private open space of the dwelling at 80A East Derwent Highway. The proposed development would cast shadowing to their private open space and would unreasonably impact amenity on the adjoining property at 80A East Derwent Highway, Lindisfarne.

B. That the details and conclusions included in the Associated Report be recorded as the reasons for Council's decision in respect of this matter.

1. The building elevations that face 28A Loatta Road, Lindisfarne occupy 85% of the horizontal line of the shared boundary and the two double storey contiguous conjoined dwellings present an unreasonable scale and bulk when viewed from 28A Loatta Road.
2. The visual impact in regard to the outlook (in totality) from the habitable windows at 28A Loatta Road is thoroughly compromised by the scale of development as the single storey unit at 28A Loatta Road will only be some 6.5m from the proposed double storey units.
3. The Officer's report incorrectly identifies an area of 24m² as POS. This area consists of a concrete drive and small grass area used for vehicle turning which is overlooked by three other dwellings.

The area currently used as POS is an area of grass and mature garden used for recreational pursuits by the owners and their grandchildren. The 18% calculation of overshadowing included in the Officer's Report is a percentage of the 1500m² lot as a whole, without taking into consideration that the majority of the block is either concreted or occupied by the house and outbuildings.

/ Decision contd on Page 19...

**DEVELOPMENT APPLICATION PDPLANPMTD-2020/012606 – 84 EAST
DERWENT HIGHWAY, LINDISFARNE - 3 MULTIPLE DWELLINGS (1 EXISTING +
2 NEW) /Decision contd...**

The grassed area which will be significantly
overshadowed during the Winter Solstice is the only
such area available as Private Open Space.”

11.3.2 DEVELOPMENT APPLICATION PDPLANPMTD-2020/012818 – 53 BALOOK STREET, LAUDERDALE - ADDITION TO DWELLING**EXECUTIVE SUMMARY****PURPOSE**

The purpose of this report is to consider the application made for a dwelling addition at 53 Balook Street, Lauderdale.

RELATION TO PLANNING PROVISIONS

The land is zoned General Residential and subject to the Inundation Prone Areas and Coastal Erosion Hazard Codes under the Clarence Interim Planning Scheme 2015 (the Scheme). In accordance with the Scheme the proposal is a Discretionary development.

LEGISLATIVE REQUIREMENTS

The report on this item details the basis and reasons for the recommendation. Any alternative decision by Council will require a full statement of reasons in order to maintain the integrity of the Planning approval process and to comply with the requirements of the Judicial Review Act and the Local Government (Meeting Procedures) Regulations 2015.

Note: References to provisions of the Land Use Planning and Approvals Act 1993 (the Act) are references to the former provisions of the Act as defined in Schedule 6 – Savings and Transitional Provisions of the Land Use Planning and Approvals Amendment (Tasmanian Planning Scheme Act) 2015. The former provisions apply to an interim planning scheme that was in force prior to the commencement day of the Land Use Planning and Approvals Amendment (Tasmanian Planning Scheme Act) 2015. The commencement day was 17 December 2015.

Council is required to exercise a discretion within the statutory 42-day period which expires on 24 November 2020.

CONSULTATION

The proposal was advertised in accordance with statutory requirements and two representations were received raising the following issues:

- loss of amenity from visual impact; and
- separation between dwellings incompatible with surrounding area.

RECOMMENDATION:

- A. That the Development Application for addition to Dwelling at 53 Balook Street, Lauderdale (C1 Ref PDPLANPMTD-2020/012818) be approved subject to the following conditions and advice.
1. GEN AP1 – ENDORSED PLANS.
- B. That the details and conclusions included in the Associated Report be recorded as the reasons for Council's decision in respect of this matter.

11.3.3 DEVELOPMENT APPLICATION PDPLANPMTD-2020/008974 – 1 ELAIA DRIVE, 60 ELAIA DRIVE AND 24 PETRA DRIVE, RISDON VALE - 98 LOT SUBDIVISION**EXECUTIVE SUMMARY****PURPOSE**

The purpose of this report is to consider the application made for a 98 Lot Subdivision at 1 Elaia Drive, 60 Elaia Drive and 24 Petra Drive, Risdon Vale.

RELATION TO PLANNING PROVISIONS

The land is zoned General Residential and subject to the Road and Railway Assets, Parking and Access, Stormwater Management Codes under the Clarence Interim Planning Scheme 2015 (the Scheme). In accordance with the Scheme the proposal is a Discretionary development.

LEGISLATIVE REQUIREMENTS

The report on this item details the basis and reasons for the recommendation. Any alternative decision by Council will require a full statement of reasons in order to maintain the integrity of the Planning approval process and to comply with the requirements of the Judicial Review Act and the Local Government (Meeting Procedures) Regulations 2015.

Note: References to provisions of the Land Use Planning and Approvals Act 1993 (the Act) are references to the former provisions of the Act as defined in Schedule 6 – Savings and Transitional Provisions of the Land Use Planning and Approvals Amendment (Tasmanian Planning Scheme Act) 2015. The former provisions apply to an interim planning scheme that was in force prior to the commencement day of the Land Use Planning and Approvals Amendment (Tasmanian Planning Scheme Act) 2015. The commencement day was 17 December 2015.

Council is required to exercise a discretion within the statutory 42-day period which was extended with the consent of the applicant until 24 November 2020.

CONSULTATION

The proposal was advertised in accordance with statutory requirements and three representations were received raising the following issues:

- increase in traffic along Sugarloaf Road;
- lack of a playground;
- overdevelopment of site;
- open space is inadequate;
- proposed landscaping conflicts with bushfire hazard management plan; and
- septic tanks.

RECOMMENDATION:

A. That the Development Application for a 98 Lot Subdivision at 1 Elaia Drive, 60 Elaia Drive and 24 Petra Drive, Risdon Vale (Cl Ref PDPLANPMTD-2020/008974) be approved subject to the following conditions and advice.

1. GEN AP1 – ENDORSED PLANS.

2. GEN AP2 – STAGING
[Stage 1: Lots 1 – 8, 18 – 20, 27 – 31 and part of 402
Stage 2: Lots 21 – 26, 46-47, 401 and part of 402
Stage 3: Lots 9 – 17
Stage 4: Lots 32, 33-36, 50 – 52 and 400
Stage 5: Lots 37 – 42, 43, 44 and 49, part 402 and 403
Stage 6: Lots 53 – 60 and 73 – 79
Stage 7: Lots 80 – 96
Stage 8: Lots 61 – 72].
3. Each stage must be developed in accordance with the Bushfire Hazard Management Plan J203015PH.
4. GEN F5 – PART 5 AGREEMENT
[The construction of a fence along the boundary of Lots 9 - 13 and 32 with Sugarloaf Road prior to the sealing of those lots. The fence must have a maximum height of 1.8m above natural ground level which must contain openings above a height of 1.2m which provide a uniform transparency of not less than 30% (excluding any posts or uprights). The fence must be maintained in good order by the owners of Lots 9 - 13, 32 thereafter; and
No direct vehicular access to Lots 9 - 13 and 32 may be provided from Sugarloaf Road.]
5. ENG A1 – NEW CROSSOVER (3.6m TSD R09).
6. ENG M2 – DESIGNS SD.
7. ENG M4 – POS ACCESS.
8. ENG M5 – EROSION CONTROL.
9. ENG M7 – WEED MANAGEMENT PLAN.
10. ENG M8 – EASEMENTS.
11. ENG R1 – ROAD NAMES.
12. ENG R2 – URBAN ROAD.
13. ENG R5 – ROAD EXTENSION.
14. ENG R6 – VEHICLE BARRIERS.
15. LAND 4 – LANDSCAPE BOND (SUBDIVISION).

16. LAND 5 – SUBDIVISION LANDSCAPING delete first paragraph and replace with “An amended landscape plan for the proposed road reserves and public open space areas within the subdivision must be submitted to and approved by Council’s Group Manager Engineering Services prior to the commencement of works. The landscape plans must be in accordance with the Bushfire Hazard Management Plan which must be endorsed by the Tasmania Fire Service prior to submission with Council. The plans must be developed in association with the engineering plans to ensure suitable locations and planting types and the retention of as much natural vegetation as possible. Where appropriate, the plan must include construction details for footways and other public links within both road reserves and public open space areas and must include the following details:”
- a pedestrian pathway through the Lots 400, 401 and 402 which connects to Sugarloaf Road; and
 - fencing to Lots 400, 401 and 402 which must have a maximum height of 1.8m above natural ground level and must contain openings above a height of 1.2m which provide a uniform transparency of not less than 30% (excluding any posts or uprights).
17. ENG S1 – INFRASTRUCTURE REPAIR.
18. ENG S4 – STORMWATER CONNECTION.
19. ENG 3A – STORMWATER PRINCIPLES FOR SUBDIVISION.
20. ENG S10 – UNDERGROUND SERVICES.
21. A headworks charge for the upgrading of Petra Drive, from Elaia Drive to the boundary of the development, of \$170,000 is applicable for the following works, associated with the upgrading of Petra Drive;
- pavement widening to a minimum of 8m (9.8m F.O.K.);
 - construction and/or relocation of services associated with the pavement widening.

The headworks charge is payable prior to sealing the final plan for the following stages;

Stages 6 and 8, equating to \$6,070 per lot (for 28 Lots);

or:

The developer must carry out the identified works to the satisfaction of Council’s Group Manager Engineering Services prior to sealing the final plan of the relevant stages of the subdivision.

If the headworks option is chosen:

- The amount of headworks charge applicable to this development shall be indexed quarterly by CPI (All Groups Index) Hobart, effective from the Permit date until the date of payment of the headworks charge to Council.
- Headworks charges must be paid prior to sealing of the final plan for Stages 6 and 8 based on the stages approved in this permit. In accordance with Council's Headworks Levy Policy and relevant provisions of Council's Policy for Bonding Development Works.
- Bonds and/or security can be accepted for the headworks charges in the event that early issue of titles is sought by the applicant.

Any headworks charges bonded are to be paid on the completion of the subdivision infrastructure works, or where the works have been approved to be carried out in stages, then on the completion of each approved stage of the subdivision.

22. GEN M3 – LOT FENCING.

23. The development must meet all required Conditions of Approval specified by TasWater notice dated 6 October 2020 (TWDA 2020/00594-CCC).

B. That the details and conclusions included in the Associated Report be recorded as the reasons for Council's decision in respect of this matter.

C. That the General Manager identify suitable sites for public open space/spaces to serve the south Risdon Vale neighbourhoods and funding from the public open space reserve to be considered to fund purchase of any identified land, subject to separate council approval in accordance with Local Government Act requirements.

Decision: **MOVED** Ald Mulder **SECONDED** Ald Blomeley

"That the Recommendation be adopted".

Ald Walker returned to the Meeting at this stage (7.48pm).

The **MOTION** was **put** and **CARRIED UNANIMOUSLY**

Council now concludes its deliberations as a Planning Authority under the Land Use Planning and Approvals Act, 1993.

11.4 CUSTOMER SERVICE

Nil Items.

11.5 ASSET MANAGEMENT**11.5.1 DOG PARK AT 1000 CAMBRIDGE ROAD, CAMBRIDGE – COMMUNITY CONSULTATION
(ECM 3799580)****EXECUTIVE SUMMARY****PURPOSE**

To seek approval to consult on the draft Master Plan for a new off lead dog park at 1000 Cambridge Road, Cambridge.

RELATION TO EXISTING POLICY/PLANS

- Council's Strategic Plan 2016/2026; and
- Council's Community Engagement Policy 2020.

LEGISLATIVE REQUIREMENTS

Nil.

CONSULTATION

Consultation with neighbouring property owners has been undertaken. Further local and city-wide consultation is recommended to determine the views of the community in relation to the draft Master Plan for Cambridge off lead dog park at 1000 Cambridge Road, Cambridge.

FINANCIAL IMPLICATIONS

Funding of \$30,000 was approved in the 2019/2020 budget for the development of a concept design and public consultation for a "state of the art" dog park at 1000 Cambridge Road, Cambridge.

RECOMMENDATION:

That Council:

- Approves the draft Master Plan for Cambridge Off Lead Dog Park to be used for city-wide community consultation.
- Authorises the General Manager to co-ordinate the city-wide community consultation to obtain feedback on the draft Master Plan for the Cambridge off Lead Dog Park at 1000 Cambridge Road and to report the consultation outcomes to a future workshop.

Ald Blomeley left the Meeting at this stage (7.52pm).

------------------	---

11.5.2 ALMA STREET ACTIVITY CENTRE REDEVELOPMENT
(ECM 4471782)**EXECUTIVE SUMMARY****PURPOSE**

To consider amendment of the design of the Alma Street Activity Centre redevelopment to include additional storage and approve amendments to the 2020/2021 Facilities Management Capital Budget by reallocating funds within the Estimates for the redevelopment prior to tendering.

RELATION TO EXISTING POLICY/PLANS

Council's Strategic Plan 2016/2026 is relevant.

LEGISLATIVE REQUIREMENTS

Approval of the reallocation of funds requires a simple majority of Council in accordance with the Local Government Act 1993 s.82(5).

CONSULTATION

No public consultation has occurred in relation to the proposed budget changes.

FINANCIAL IMPLICATIONS

The proposed reallocation of funds will not result in any overall change to the Facilities Management Capital Budget. The funding changes relate to individual project budgets within the overall Facilities Management Program and do not increase or decrease the overall budget amount for the Facilities Management Program.

RECOMMENDATION:

That Council:

- A. Approves the inclusion of additional storage into the Alma Street Activity Centre design.
- B. Reallocate funds from the 2020/2021 Facilities Management Capital Budget from Howrah Community Centre – Construction/DDA Works to the Alma Street Activity Centre project of \$192,800.
- C. Authorises the General Manager to submit a revised development application and, if approved, commence the tendering process for the project.

11.6 FINANCIAL MANAGEMENT

The Acting General Manager tabled the Audit Report and Financial Statements for the year ended 30 June 2020.

11.7 GOVERNANCE**11.7.1 QUARTERLY REPORT TO 30 SEPTEMBER 2020****EXECUTIVE SUMMARY****PURPOSE**

To consider the General Manager's Quarterly Report covering the period 1 July 2020 to 30 September 2020.

RELATION TO EXISTING POLICY/PLANS

The report uses as its base the Annual Plan adopted by Council and is consistent with Council's previously adopted Strategic Plan 2016-2026.

LEGISLATIVE REQUIREMENTS

There is no specific legislative requirement associated with regular internal reporting.

CONSULTATION

Not applicable.

FINANCIAL IMPLICATIONS

The Quarterly Report provides details of Council's financial performance for the period.

RECOMMENDATION

That the Quarterly Report to 30 September 2020 be received.

Ald von Bertouch left the Meeting at this stage (8.14pm).

Decision: **MOVED** Ald Peers **SECONDED** Ald James

"That the Recommendation be adopted".

Ald von Bertouch returned to the Meeting at this stage (8.17pm).

The **MOTION** was **put** and **CARRIED UNANIMOUSLY**

11.7.2 ANNUAL PLAN 2020/2021

EXECUTIVE SUMMARY

PURPOSE

To consider the Annual Plan for the 2020/2021 financial year.

RELATION TO EXISTING POLICY/PLANS

Consistent with Council's adopted Strategic Plan and adopted Estimates.

LEGISLATIVE REQUIREMENTS

Section 71 of the Local Government Act 1993 requires Council to prepare and adopt an annual plan for each financial year.

CONSULTATION

No issues to be addressed.

FINANCIAL IMPLICATIONS

No direct financial implications, however, the draft Annual Plan reflects the Estimates adopted by Council for financial year 2020/2021.

RECOMMENDATION:

That the Annual Plan for financial year 2020/2021 attached as Attachment 1 be adopted.

Decision: **MOVED** Ald Mulder **SECONDED** Ald Edmunds

“That the Recommendation be adopted”.

CARRIED UNANIMOUSLY

1 Executive summary

Under the Local Government Act 1993 (the Act), council is required to prepare and adopt an Annual Plan together with estimates of its revenue and expenditure for each financial year. The estimates are to contain details of estimated revenue, expenditure, borrowings, capital works and any other detail required by the Minister. They must be adopted by 31 August each year and cannot be adopted more than one month before the start of the financial year to which they relate.

The 2020/21 estimates were prepared as the community grappled with the impact of the unfolding COVID-19 Pandemic. In response, council at its meeting of 6 April 2020 adopted several initiatives to provide immediate support and provide for relief into the future.

In the preparation of the annual estimates, council recognised that there will be significant financial challenges ahead. When considering how to frame the estimates for the 2020/21 financial year it resolved to focus on prioritisation of the delivery of core and essential services to the community and consequently a possibility of a reduction in other discretionary services and/or service levels.

The extenuating circumstances of operating in a COVID-19 environment required the development of budget principles and guidelines that respond to council's 10 Year Financial Management Plan and Financial Management Strategy.

A 6-month review of the 2020/21 estimates will be a "pulse check" of how council and the community is responding to the COVID-19 challenges. At the same time the long-term financial plans will be reviewed and revised to guide council in future estimate considerations.

Some of the major issues addressed in the estimates include:

- Revenue constraints due to a 0% increase in the General Rate;
- Loss of the scheduled \$2.212 million TasWater dividend;
- A focus on "shovel ready" projects to provide immediate economic stimulus;
- The take-up of \$14.838 million of economic stimulus loan funding to support an expansive capital works programme of \$22.717 million;
- No increase in FTE's and 0% increase in remuneration for all employees; and
- Reduction in services and programmes.

Council constrained the increase in rates to 0.3% net of growth and State Government charges. The increase relates to the areas of waste management and stormwater management specifically, that are not recovered through council's General Rate.

The total capital expenditure programme for additional projects (excluding salaries capitalised) is \$22.717 million and is fully funded from identified sources.

Sources of capital funds include:

- \$14.838 million from borrowings;
- \$2.913 million from grants allocated through the State Grants Commission;
- \$2.124 million from council's rating effort;
- \$1.595 million from other grants and contributions;
- \$1.027 million from council's infrastructure renewal reserve;

- \$0.200 million from property sales;
- \$0.020 million from reserves/other sources.

The total capital expenditure programme for both 2020/21 approved funding and for unfinished works continuing from prior years (excluding salaries capitalised) is expected to be \$48.194 million, with \$25.477 million related to continuing unfinished works.

Of that \$48.194 million total, \$13.273 million relates to a number of projects that were on hold at the end of June 2020. Continuing unfinished works are fully funded from the prior year's estimates.

The 2020/21 estimates included in this plan support council's long-term strategic plan and reflect council's commitment to operating in a fiscally responsible manner.

2 Estimates key data

Council has prepared estimates for the 2020/21 financial year which seek to balance the demand for services and infrastructure with the community's capacity to pay in an uncertain COVID-19 Pandemic economic environment. Key estimates information is provided below about the rate increase, operating result, service levels, cash and investments, capital works, financial position, financial sustainability and where rates are spent.

2.1 Rates

The increase in net rating requirement is 0.3% for the 2020/21 financial year, raising total rates of \$52.737 million. The 0.3% increase reflects the increase in costs associated with stormwater management and waste management services. It represents council's commitment to a 0% increase in the General Rate cents in the dollar. The rating increase takes in to account major external influences including the growth of the rates base, level of inflation and a zero TasWater dividend.

2.2 Operating result

The underlying operating result is the preferred measure due to it excluding non-structural items such as specific purpose capital grants. This measure is consistent with that used by the Auditor General, except for movements in the equity of associates which has been excluded in the actual and forecast results (providing a more conservative result). For 2020/21 the underlying operating result is estimated to be a surplus of \$2.9 million, which is a decrease of \$0.845 million compared with the actual result for 2019/20.

The 2020/21 estimates forecast an accrual based operating surplus of \$2.9 million (excluding contributions of subdivision assets), after raising rates and charges of \$52.7 million (including supplementary rates). The revenue constraints and reduction in expenditure has enabled council to ensure the operating surplus is broadly consistent with the strategy set out in council's adopted 10 Year Financial Management Plan.

Council resolved to deliver a balanced budget where revenue matched outgoings. The operating surplus of \$2.9 million does not take into consideration the distribution of \$2.4 million in salaries to capital projects nor the provision of \$0.5 million for future repayment of loan funding.

2.3 Cash & investments

During the 2020/21 financial year cash and investments are not expected to materially differ from the prior year. Cash holdings are higher than assumed under the adopted 10 Year Financial Management Plan primarily due to the timing of capital expenditure, and receipt of borrowings approved to support COVID-19 stimulus shovel ready capital projects.

2.4 Capital works

The 2020/21 capital works programme is estimated to be \$22.717 million, an increase of \$5.706 million compared with the estimate for the 2019/20 financial year. The increase in level of expected capital works from 2019/20 relates to the undertaking of projects funded through COVID-19 stimulus measures, which may otherwise have remained scheduled for future years. In general, more than 50% of council's capital works expenditure is on asset renewal and/or enhancement rather than on new assets.

2.5 Where rates are spent

The above chart provides an indication of the allocation of rates raised in respect of council's various programmes.

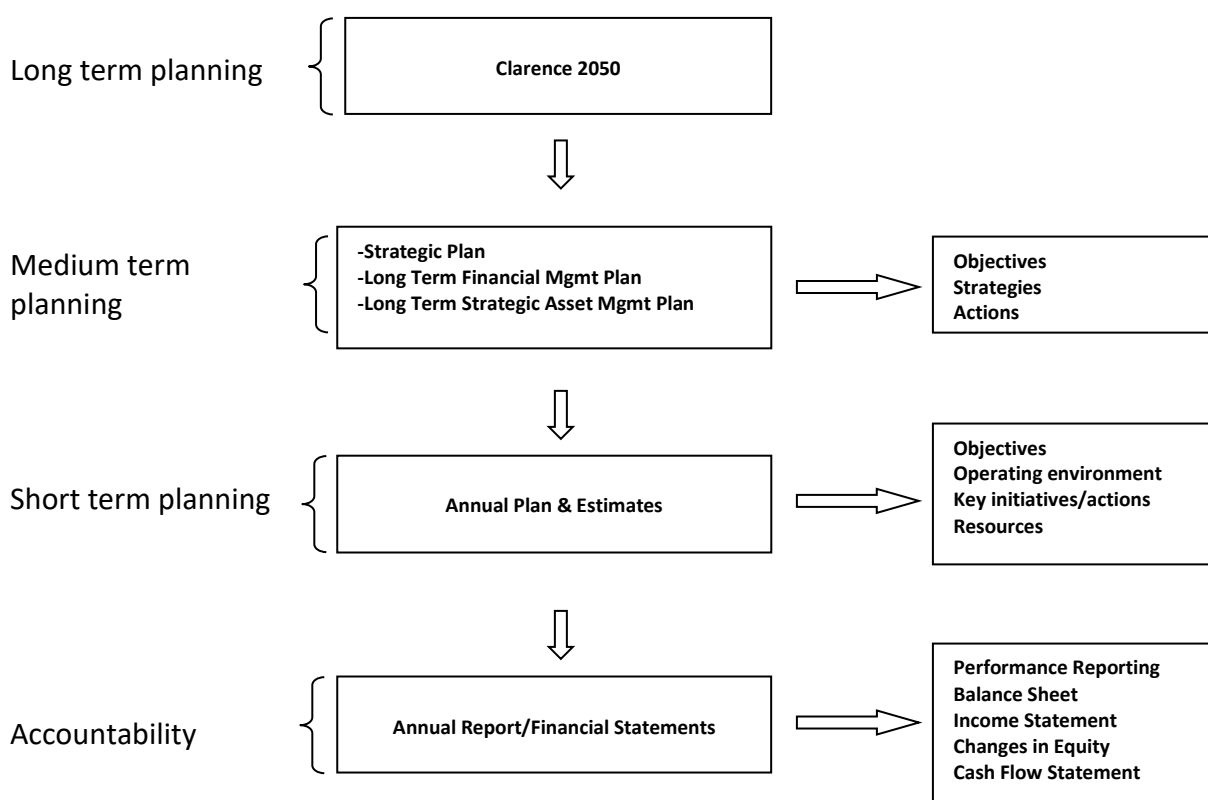

3 Estimates overview

3.1 Strategic planning framework

The estimates have been developed within an overall planning framework that guides the council in identifying and meeting community needs and aspirations over the long term (Clarence 2050). This is supported by medium term (10 year) objectives in the Strategic Plan, Long Term Financial Management Plan and the Strategic Asset Management Plan; and short-term objectives in the Annual Plan. The annual estimates quantify the resources needed to achieve the objectives of the Annual Plan. Council then holds itself accountable for the use of these resources by way of its audited Financial Statements.

The Strategic Plan summarises the key objectives, strategies and actions that council plans to pursue over the coming 10-year planning period. The adopted Strategic Plan 2016-2026 has been adopted and the Annual Plan is framed within the Strategic Plan. It outlines the operating environment, key initiatives/actions and resource requirements for each of council's programme areas. The Annual Plan then forms the basis of the annual Estimates.

The diagram below depicts the strategic planning framework of council:

The timing of each component of the planning framework is important to the successful achievement of the planned outcomes. Reviews of the Strategic Plan are undertaken at appropriate intervals, normally following each council election to allow the new council to consider the organisation's longer-term objectives. These objectives inform the development of subsequent estimates and Annual Plans.

3.2 Strategic plan outcomes

The Annual Plan includes the initiatives and actions to be funded that will contribute to achieving the strategic objectives specified in the Strategic Plan. It identifies both the physical and financial resources required to undertake these initiatives and actions. The Estimates convert these resource requirements into financial terms to allow council to make fully informed decisions when allocating scarce resources. The Annual Plan is built around programme objectives aimed at giving an operational framework to the Strategic Plan and these are set out below. Appendix D 'Activities and initiatives' includes more detail relating to the Strategic Plan.

Programme	Programme objectives
Communities & People	Goal: To participate, celebrate, engage and contribute to the life and growth of the City
	This programme provides the following services:
	Customer services to council's external and internal customers.
	Health services, including inspection of food premises, water sampling etc.
	Ranger services including control and monitoring of fire hazards, litter, water restrictions, parking, trees.
	Animal control.
	Youth services.
	Accessibility to cultural and social activities.
	Services to seniors, community safety initiatives and maintenance of a community directory.
	Childcare including Family Day Care, Vacation Care and Outside School Hours Care.
	Coordination of a volunteer programme to assist people in accessing services.
	Access to active recreational opportunities (sports grounds etc) and passive recreational facilities (parks and gardens etc).

Programme	Programme objectives
City Future	<p>Goal: To plan, lead and provide for the growth of the City</p> <p>This programme provides the following services:</p> <ul style="list-style-type: none"> Administration of council's Planning Schemes. Services associated with building and plumbing approvals and inspections. Maximisation of the economic benefits of tourism. Enhancement of the vibrancy and profile of the City. Encouragement of broadly based economic growth within the City.
Natural Environment	<p>Goal: Care for the Natural Environment.</p> <p>This programme provides the following services:</p> <ul style="list-style-type: none"> Enhancement and protection of the City's natural assets. Preparation for the effective management of natural events and other emergencies. Encouraging and facilitating water reuse activities. Managing waste within the City, including ensuring the availability of waste disposal services to residents and businesses. Monitoring air quality. Ensuring that natural areas within the City meet and satisfy long term needs of the community. Monitoring and controlling weeds within the municipality.
Infrastructure	<p>Goal: To provide infrastructure that underpins and enhances the life and growth of the City.</p> <p>This programme provides the following services:</p> <ul style="list-style-type: none"> Adequate infrastructure for the effective and safe transport of goods and people through the City. Adequate footpaths for the safety of pedestrians within the City. Appropriate stormwater infrastructure to ensure the safety of the built and natural environments, and the public. Ensuring that waterways within the City meet appropriate environmental obligations and standards. Equitable access for the community to active and passive recreational opportunities, and to civic buildings.

Programme	Programme objectives
Governance	Goal: To represent the community through leadership in a consistent, accountable and financially responsible manner.
	This programme provides the following services:
	A clear strategic direction for the future of the City together with leadership in representing the interests of the City; and to ensuring the operations of the council are conducted in a responsible and accountable manner.
	Minimising council's exposure to financial risk; maintaining council's sound financial position; optimising use of resources; developing / protecting council's financial sustainability.
	Engaging the community in council activities and issues.
	Ensuring that the operations of the council include the effective management of risk.
Economic Development & Marketing	Goal: To promote awareness of council services and to encourage participation in community affairs, activities and events. To encourage broadly based economic growth in the City.
	This programme provides the following services:
	Development and promotion of civic activities and events.
	Increase awareness of council services and encourage participation in community affairs, activities and events.
	Strategic direction for the City in the area of marketing and associated activities.
Corporate Support	Goal: to provide support services to other business areas of the council.
	This programme provides the following services:
	Providing leadership and management to all aspects of the organisation.
	Providing human resource management, industrial relations, payroll and related services.
	Providing hardware and software services and support; and record management services to council.

3.3 Estimates preparation & Annual Plan overview

Under the Act, council is required to prepare and adopt both an Annual Plan and estimates for each financial year. The estimates are required to include estimated revenue, expenditure, borrowings, capital works and any other detail required by the Minister. Estimates must be adopted before 31 August but not more than one month before the start of any financial year. The related Annual Plan must be provided to the Director of Local Government and the Director of Public Health.

The first step in the estimates process is for council Officers to prepare a draft, together with explanatory material, for discussion by council in a workshop environment. Several workshops are held to discuss key issues. Council makes amendments to the draft estimates as it thinks fit and adopts the estimates at a formal council meeting.

The 2020/21 estimates were adopted by council at its meeting of 29 June 2020.

The 2020/21 estimates, which are included in this Plan, are for the year 1 July 2020 to 30 June 2021 and have been prepared in accordance with the Act. The Annual Plan also includes an estimated Balance Sheet, Income Statement, Cash Flow Statement and schedule of estimated capital works. To the extent practicable, these statements have been prepared for the year ending 30 June 2021 to reflect applicable accounting standards, other mandatory professional reporting requirements and the Act.

The Annual Plan also includes a description of the activities and initiatives to be funded and how they will contribute to achieving the strategic objectives specified in the Strategic Plan. It also includes detailed information about the rates and charges to be levied, the capital works programme to be undertaken and other relevant financial information.

The estimates process includes reference to a number of long-term strategies to assist council in considering the estimates in a proper financial management context. These include a Long-Term Financial Management Plan, a Strategic Asset Management Plan, a Rating Strategy (Section 8), Borrowing Strategy (Section 9) and Infrastructure Strategy (Section 10).

The estimates, prepared on a programme basis, are included in Appendix B. These estimates provide the detail required by statute in a form which allows council officers to implement council's estimates.

3.4 Estimates processes

The typical timing of key activities in the estimates process is summarised below:

Estimates process	Month
1. Commence drafting estimates	January
2. Council workshops to consider budget detail	February - May
3. Annual Plan and Estimates adopted by council	June
4. Adopt rates and charges required by the Estimates/Annual Plan	June
5. Advertise new rates and charges within 21 days	June/July
6. Issue rates notices for financial year	July
7. Provide Director of Local Government with copy of rating resolution	June/July

3.5 Estimates influences

External influences

In preparing the 2020/21 estimates a number of external influences likely to impact significantly on the services delivered by council have been taken into consideration.

These include:

- Developing and evolving economic and social impacts of the COVID-19 Pandemic locally, nationally and internationally;
- Non-receipt of TasWater Dividend;
- Financial assistance packages provided by all levels of Government to support the community due to the impact of COVID-19;
- The level and trend of interest rates and inflation; and
- Estimated growth in the rate base of 1.0%.

Internal influences

There are several internal influences arising from the 2019/20 financial year and council policy that have had a significant impact on the estimates for 2020/21.

These include:

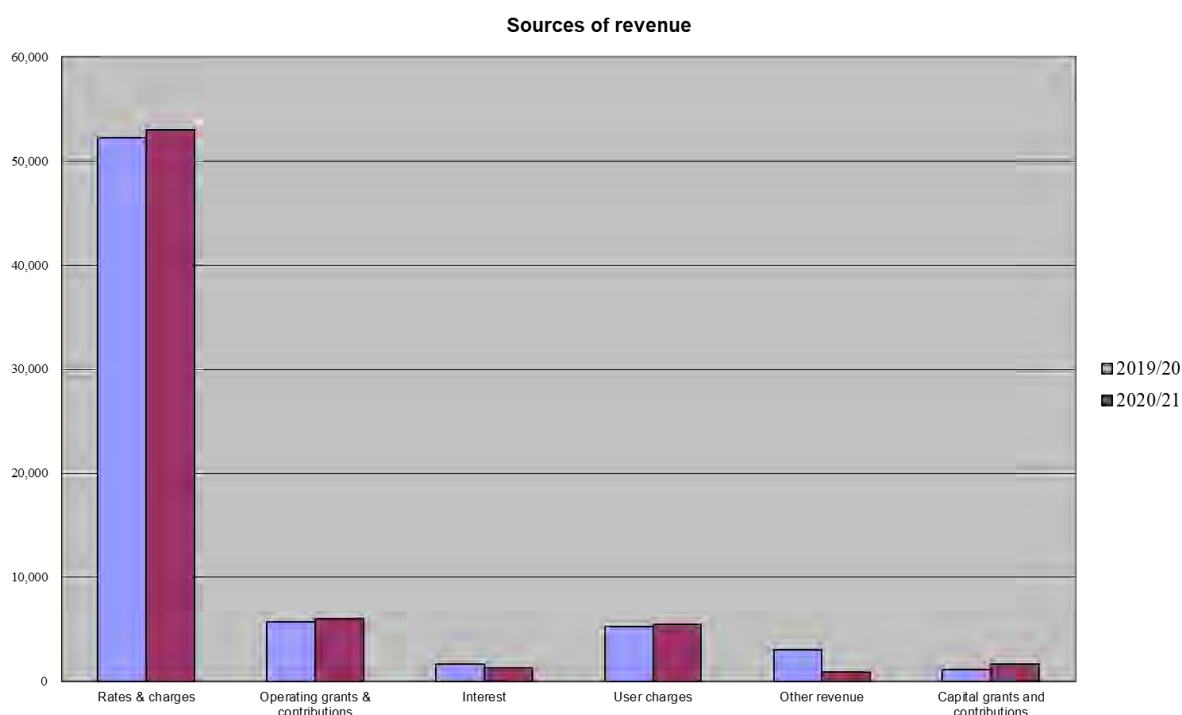

- Reduction in services and programs due to revenue constraints;
- Recruitment freeze potentially impacting service delivery;
- Ongoing renewal of council's infrastructure assets;
- Focus on "shovel ready" projects and emphasis on infrastructure renewal;
- Increasing cost of waste management, the increasing demand in the annual hard waste collection service;
- Additional demand in council services and maintenance and delivery of service level expectations.

4 Analysis of operating estimates

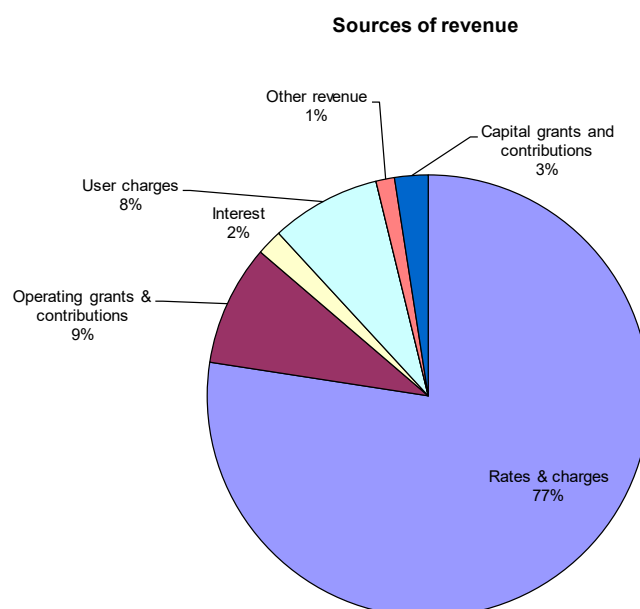

This section analyses the expected revenues and expenses of the council for the 2020/21 year. It also includes analysis of service unit financial performance in a format which aligns with council's organisational structure.

4.1 Operating revenue

Revenue types	Reference	Estimates 2019/20 \$'000	Estimates 2020/21 \$'000	Increase (Decrease) \$'000
Rates & charges	4.1.1	52,224	52,737	513
Operating grants & contributions	4.1.2	5,733	6,027	294
Interest	4.1.4	1,700	1,282	(418)
User charges	4.1.5	5,290	5,470	180
Proceeds from sale of assets	4.1.6	0	0	0
Other revenue	4.1.7	3,009	923	(2,087)
Operating revenue before capital		67,957	66,439	(1,518)
Capital grants and contributions	4.1.3	1,148	1,667	520
Total operating revenue		69,104	68,106	(998)

Source: Appendix A

4.1.1 Rates & charges (\$0.513 million increase)

It is estimated that rates income will increase by 0.3% net of the effects of growth in the rate base, State Government charges and the effect of council rebates.

4.1.2 Operating grants & contributions (\$0.294 million increase)

Operating grants and contributions includes monies received from State and Commonwealth governments for the purposes of funding delivery of services to ratepayers. The increase reflects movements in childcare funding and the level of State Grants Commission funding received from the Australian Government.

4.1.3 Capital grants & contributions (\$0.520 million increase)

Capital grants and contributions include all monies received from State, Commonwealth and private developers for the specific purpose of funding capital works. It is expected that such funding will fluctuate from year to year.

4.1.4 Interest revenue (\$0.418 million decrease)

Interest revenue includes interest on investments and rate arrears. It is forecast to decrease due to a reducing interest rate environment.

4.1.5 User charges (\$0.180 million increase)

User charges relate mainly to the recovery of service delivery costs through charging fees to users of council's services. These services include assessing development, building and related permits, hire of halls and sports grounds and providing human services such as childcare. The increase is due to an expected slight increase in demand for some of council's services, together with an increase in the level of user charges.

User charges are budgeted on a conservative basis because they are significantly demand driven. A detailed listing of fees and charges is available on council's web site and can also be inspected at the council offices.

4.1.6 Proceeds from sale of assets

No material proceeds have been identified in the adopted Estimates for either 2019/20 or 2020/21.

4.1.7 Other revenue (\$2.087 million decrease)

Other revenue relates to a broad range of unclassified items including dividends from TasWater, cost recoupments and other miscellaneous income items. Revenue from these sources will reduce by \$2.087 million from the prior budget year due to TasWater not forecasting to pay dividends to owners within the budget year.

4.2 Operating expenditure

Expenditure types	Reference	Estimates 2019/20 \$'000	Estimates 2020/21 \$'000	Increase (Decrease) \$'000
Employee costs	4.2.1	19,660	20,286	626
Materials and contracts	4.2.2	11,678	11,038	(640)
State Government charges	4.2.3	6,162	6,262	100
Borrowing costs	4.2.4	2	2	0
Depreciation	4.2.5	13,605	14,095	490
Operating leases	4.2.6	2,109	2,170	61
Electricity	4.2.7	1,565	1,088	(478)
Other expenses	4.2.8	8,592	8,832	239
Total operating expenditure		63,374	63,772	398

* A lower amount for depreciation has been included in the adopted Estimates.

Estimated Expenditure

Operating Expenditure

Source: Appendix A

4.2.1 Employee costs (\$0.626 million increase)

Employee costs include all labour related expenditure such as wages and salaries and on-costs including payroll tax, allowances, leave entitlements, employer superannuation etc. Employee costs capitalised are not included in this total.

Employee costs are forecast to increase compared to the 2019/20 Estimates due to organisational staffing restructures that occurred during 2019/20, in order to continue meeting the expectations and demands of the organisation.

There were no additional resources approved as part of the Estimates process.

Average staff numbers during the Estimates period are as follows:

Type of employment	Number of Employees	
	2019/20	2020/21
Permanent	237	256
Casual	102	72
Total	339	328

4.2.2 Materials & contracts (\$0.640 million decrease)

The change in the budget for materials and contracts is reflective of factors including:

- Annual price movements of goods and services received;
- Operational works on renewal assets;
- Competitive re-contracting of infrastructure services;
- Requirements regarding the licencing of information technology products.

4.2.3 State Government charges (\$0.100 million increase)

These charges consist of the State Fire Services Contribution, valuation fees and Land Tax. The net outcome of this item is a direct result of government policy.

4.2.4 Borrowing costs (no change)

Borrowing costs relate to interest charged by financial institutions on overdraft balances. Due to the level of available cash, it is envisaged council may only require infrequent use of its overdraft facility.

The Economic stimulus debt funding approved by Treasury is interest free for the first 3 years of the loan term.

4.2.5 Depreciation (\$0.490 million increase)

Depreciation relates to the usage of council's property, plant and equipment including infrastructure assets such as roads and underground services. Assets may be revalued and added to during the year.

The estimate is driven by assumptions adopted as part of council's 10 Year Financial Management Plan. The increase is a result of continuing capitalisation of works undertaken within the municipality.

4.2.6 Operating leases (\$0.061 million increase)

Council leases its light vehicle fleet and plant. Costs are primarily affected by interest rates, vehicle prices, and fluctuations in the used vehicle market. There is no significant change.

4.2.7 Electricity (\$0.478 million decrease)

Council's major electricity consumption is for street lighting and operation of sporting and community facilities. The decrease is a result of the replacement of street lighting with more efficient LED lighting technology, resulting in reduced energy usage. The savings will support the repayment of interest free loan funding drawn to fund the project.

4.2.8 Other expenses (\$0.239 million increase)

Other expenses relate to a range of unclassified items including contributions to community groups, advertising, insurances, motor vehicle registrations and other miscellaneous expenditure items. Due to the nature of the items it is subject to changes in classification of individual expenditure items.

4.3 Organisational analysis

The following is a summary of the Net Expenses of each programme. Net Expenses represents the rating effort required to fund ongoing operations considering operational expenditure and income. It includes expenses which are expected to be capitalised and includes grants and other revenue which are used for capital purposes. Net expenses does not include full accounting depreciation, only the amount specifically funded through rates.

Programme	Reference	Estimates 2019/20 \$'000	Estimates 2020/21 \$'000	Increase (Decrease) \$'000
Communities and People	4.3.1	7,847	8,578	731
City Future	4.3.2	578	619	41
Natural Environment	4.3.3	8,711	8,585	(126)
Infrastructure:	4.3.4			
Roads	4.3.4.1	11,417	11,168	(249)
Stormwater	4.3.4.2	1,963	984	(979)
Facilities Management	4.3.4.3	3,799	4,035	236
Governance	4.3.5	5,089	7,099	2,010
Economic Development and Marketing	4.3.6	658	1,229	571
Corporate Support	4.3.7	5,555	5,742	187
Net Expenses		45,617	48,039	2,422

Net Expenses

Net Expenses by Programme

4.3.1 Communities & People (\$0.731 million increase)

The net expense for Communities and People has increased budget to budget due to a reduction in grant income. An increase within expenses is primarily due to normal annual increases in line with inflation.

4.3.2 City Future (\$0.041 million increase)

The net expense for City Future is not materially different from the previous budget year.

4.3.3 Natural Environment (\$0.126 million decrease)

Net operating costs in this programme has increased due to costs associated with the increase in demand for the provision of waste management services, along with normal annual increase in line with inflation.

4.3.4 Infrastructure (\$0.992 million decrease)

This programme includes a number of council's major expenditure areas:

4.3.4.1 Roads (\$0.249 million decrease)

The net expense for Roads is not materially different from the previous budget year.

4.3.4.2 Stormwater (\$0.979 million decrease)

Net expenditure on stormwater has increased primarily due to an increase in allocated Grants Commission funding of some \$1.015 million.

4.3.4.3 Facilities Management (\$0.236 million increase)

Net expenditure in this area has increased primarily due to normal annual increases in line with inflation.

4.3.5 Governance (\$2.010 million increase)

Net expenditure in Governance has decreased due to the loss of \$2.212 million in dividends from TasWater.

4.3.6 Economic Development & Marketing (\$0.571 million increase)

Net operating costs in Economic Development and Marketing have increased due to a staffing restructure, with other areas of expenditure having increased due to normal annual increases in line with inflation.

4.3.7 Corporate Support (\$0.187 million increase)

Estimates in this programme have generally increased in line with inflation.

5 Analysis of estimated cash position

This section analyses the expected cash flows for the 2020/21 year. The analysis is based on three main categories of cash flow.

In summary these are:

- Operating activities - these activities refer to the cash generated or used in the normal service delivery functions of council;
- Investing activities - these activities refer to cash used or generated in the acquisition, creation, enhancement or disposal of council's infrastructure, property and other assets;
- Financing activities - these activities refer to cash generated or used in the financing of council functions and essentially comprise of borrowings from financial institutions and the repayment of those borrowings.

Actual outcomes are likely to vary from these estimates according to the rate at which planned capital projects are achieved and the introduction of new programmes or projects, for example those associated with specific purpose Government grants.

5.1 Estimated cash flow statement

	Reference	Estimates 2019/20 \$'000	Estimates 2020/21 \$'000	Variance Inflow (Outflow) \$'000
Operating Activities	5.1.1			
Receipts		80,895	81,521	626
Payments		(53,729)	(53,966)	(238)
Net cash inflow (outflow)		27,166	27,555	388
Investing Activities	5.1.2			
Receipts		0	0	0
Payments		(27,690)	(24,967)	2,723
Net cash inflow (outflow)		(27,690)	(24,967)	2,723
Financing Activities	5.1.3			
Receipts (Specific Purpose Grants)		875	8,022	7,147
Payments				0
Net cash inflow (outflow)		875	8,022	7,147
Net increase (decrease) in cash held		352	10,610	10,258
Cash at beginning of year		64,250	64,602	352
Cash at end of year	5.1.4	64,602	75,212	10,610

Source: Appendix A

5.1.1 Operating activities (\$0.388 million increase inflow)

The change in net cash inflow from operating activities is the result of normal operations including funds raised for capital purposes.

5.1.2 Investing activities (\$2.723 million decrease outflow)

Planned capital works expenditure is disclosed in Appendix C. The movement in payments relating to investment activities primarily represents the timing of major projects. In 2019/20 particular projects were carried forward from prior year estimates that were to be funded by borrowings of \$7.800 million and which would not proceed unless funding was matched from other external sources. Such projects were not undertaken, and therefore result in a timing difference of cash flows within comparative numbers.

5.1.3 Financing activities (\$7.147 million increase inflow)

The 2018/19 estimates included a cash inflow of \$7.800 million borrowings which was to be matched by funding from other external sources. This movement reflects the amount of borrowings to be received in 2020/21 in addition to this amount already included within estimates but not received.

5.1.4 Cash at end of the year (\$10.610 million increase)

The movement in total cash and investments forecast by 30 June 2021 reflects the net effects of capital funding and expenditure (and related timing) during the year (refer above).

5.2 Reserve cash and investments and working capital

The cash flow statement above indicates that at 30 June 2021 it is estimated council will have cash and investments of some \$75.212 million, with some of this cash earmarked as follows:

- **Statutory purposes (\$9.025 million)** - These funds must be applied for specified statutory purposes in accordance with various legislative and contractual requirements. Specific amounts are identified in respect of specific purpose Government funding, public open space contributions and car parking contributions.
- **Specific purpose reserves (\$37.606 million)** – While these funds are technically available for whatever purpose council determines, they are significantly comprised of the Infrastructure Renewal Reserve (which is the subject of a specific strategic objective) and other reserves which have specific purposes.
- **Working capital (\$28.581 million)** - These funds generally relate to capital works in progress, but also represent funds available to meet daily cash flow requirements and unexpected short-term needs. In the context of normal treasury operations, this item is essentially a “balancing item” since normal cash flow requirements are clearly available through the full quantum of cash held.

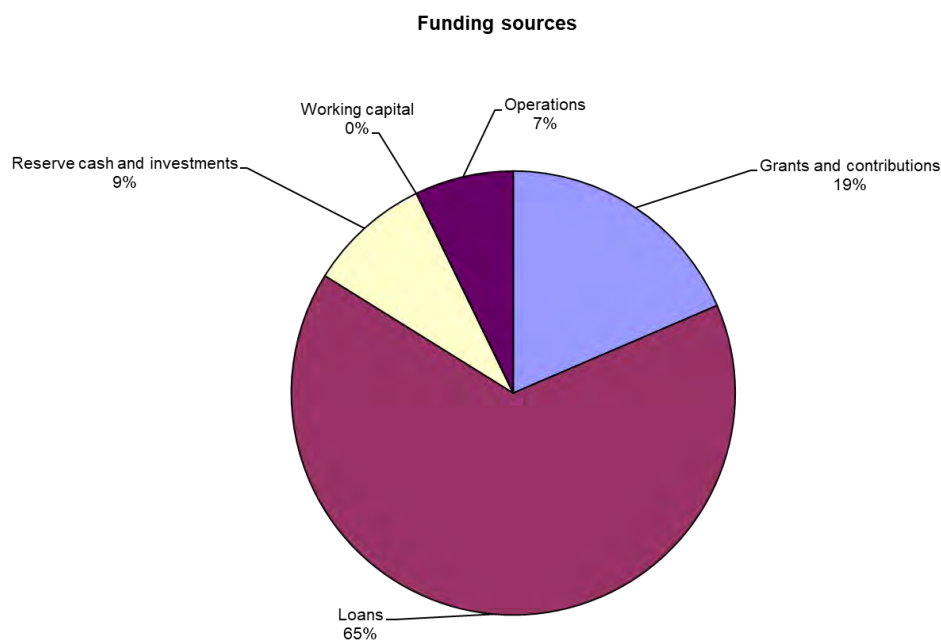

In considering its cash management, council recognises items for which funds have been raised but may not be utilised in the short term. These include provisions for employee entitlements and approved capital projects which have yet to be undertaken.

6 Analysis of capital works programme

This section analyses planned capital expenditure for the 2020/21 year and the sources of funding for that expenditure.

6.1 Funding sources

	Reference	Estimates 2019/20 \$'000	Estimates 2020/21 \$'000	Increase (Decrease) \$'000
External				
Grants and contributions	6.1.1	3,615	4,213	598
Loans	6.1.2	0	14,838	14,838
Sub total		3,615	19,051	15,436
Internal				
Reserve cash and investments	6.1.3	11,777	2,031	(9,746)
Working capital		0	0	0
Operations	6.1.4	1,619	1,635	16
Sub total		13,396	3,666	(9,730)
Total Funding		17,011	22,717	5,706

Source: Appendix C

6.1.1 Grants and contributions (\$4.213 million)

Grants and contributions used to fund the capital works programme include payments received through the State Grants Commission (\$2.913 million), Roads to Recovery Grants (\$0.650 million), and other specific purpose grants (\$0.650 million).

6.1.2 Loans (\$14.838 million)

New borrowings are a result of COVID-19 stimulus measure funding from the State Government.

6.1.3 Reserves, cash and investments (\$2.031 million)

Reserves are used in a structured manner to support the capital programme. The Infrastructure Renewal Reserve is the primary funding source contributing \$1.687 million. Reserve funds also include contributions from external parties and proceeds held from property sales.

6.1.4 Operations (\$1.635 million)

Direct rating support for the capital works programme is based on a long term policy position taken over successive estimates. This support is planned to continue (indexed) into the future.

6.2 Approved capital works by area

	Reference	Estimates 2019/20 \$'000	Estimates 2020/21 \$'000	Increase (Decrease) \$'000
Prior year programmed capital works not completed at 30 June 2020	6.2.1	26,017	25,477	(540)
New works				
Communities and People	6.2.2	2,198	1,745	(453)
City Future	6.2.3	0	0	0
Natural Environment	6.2.4	100	140	40
Infrastructure:	6.2.5			
Roads	6.2.5.1	10,220	16,635	6,415
Waste	6.2.5.2	0	20	20
Stormwater	6.2.5.3	2,816	1,755	(1,062)
Facilities Management	6.2.5.4	1,657	2,304	647
Governance	6.2.6	0	0	0
Corporate Support	6.2.7	0	0	0
Economic Development & Marketing	6.2.8	20	118	98
Sub total		17,011	22,717	5,706
Total capital works		43,028	48,194	5,166
New works represented by:				
New assets		6,094	11,041	4,947
Existing asset improvements		10,917	11,676	759
		17,011	22,717	5,706

Note: Amounts exclude salaries capitalised

Source: Appendix C

Source: Appendix C

6.2.1 Prior year programmed capital works not completed at 30 June 2020 (\$25.477 million)

At the end of each financial year various works are either incomplete or not commenced due to planning issues, weather delays, extended consultation etc. At the end of June 2020 funds unspent due to incomplete works was \$25,477 million. These works will continue into the 2020/21 year. Refer also Appendix C Section 2.

6.2.2 Communities and People 2020/21 (\$1.745 million)

This programme is responsible for recreation, youth services, childcare, health, arts, rangers and a number of other functions. Major projects budgeted for 2020/21 include Kangaroo Bay Oval Irrigation Replacement (\$0.200 million), Lindisfarne Oval fencing and other works (\$0.130 million), Social Heart Park works (\$0.130 million) and Tracks and Trails construction and improvement (\$0.387 million).

6.2.3 City Future 2020/21 (\$nil)

City future is primarily concerned with providing for the growth of the City through strategic land use planning and development control. This expenditure is generally operational in nature.

6.2.4 Natural Environment 2020/21 (\$0.140 million)

This programme is responsible for environmental management, waste collection and disposal, emergency management, and natural areas. Projects budgeted for 2020/21 include Sheoak Point foreshore reclamation and rock armouring (\$0.060 million) and works at Glebe Hill Bushland Reserve (\$0.060 million). The majority of Natural Environment costs are operational in nature.

6.2.5 Infrastructure 2020/21 (\$20.714 million)

The Infrastructure capital budget reflects both new infrastructure and renewal / enhancement projects. Major new projects are typically subject to a process of master planning and community consultation. The significant increase in planned renewal expenditure is consistent with council's strategies in this area.

The Infrastructure Programme includes:

6.2.5.1 Roads (\$16.635 million)

Major projects in this area include major digouts and reconstruction (\$4.150 million), road resealing (\$2.700 million), footpath/kerb and gutter works and renewal (\$2.710 million), Pass Rd pavement reconstruction (\$1.500 million), Backhouse Lane capacity and safety improvements (\$1.650 million) and multi user pathways (\$1.065 million).

6.2.5.2 Waste (\$0.020 million)

The majority of waste management expenditure is operational in nature.

6.2.5.3 Stormwater (\$1.755 million)

Major stormwater projects include Torrens St stormwater improvements (\$0.300 million), Jacombe St stormwater improvements (\$0.235 million) and Jervis St stormwater improvements (\$0.230 million).

6.2.5.4 Facilities Management (\$2.304 million)

Facilities Management projects include Alma St Citizens' Centre Upgrade including DDA compliance (\$0.500 million), Aquatic Centre water handling equipment replacement (\$0.650 million), Bellerive Boardwalk deck replacement (\$0.385 million) and public toilets (\$0.520 million).

6.2.6 Governance 2020/21 (\$nil)

No capital expenditure will be made under the Governance programme during 2020/21. Governance costs are generally operational in nature.

6.2.7 Corporate Support 2020/21 (\$nil)

No capital expenditure will be made under the Corporate Support programme during 2020/21. Corporate Support costs are generally operational in nature.

6.2.8 Economic Development and Marketing 2020/21 (\$0.118 million)

These funds have been budgeted for the City Heart project and musical instrument upgrade for the Clarence City Band. Costs related to this programme are generally operational in nature.

Note: Please refer to Appendix C for a full list of capital works programmed as part of the 2020/21 estimates

7 Analysis of estimated balance sheet

This section analyses the movements in estimates for assets, liabilities and equity between 2019/20 and 2020/21.

7.1 Estimated balance sheet

	Reference	Estimates 30 Jun 20 \$'000	Estimates 30 Jun 21 \$'000	Increase/ Decrease \$'000
Current				
Assets	7.1.1	69,354	79,964	10,610
Liabilities	7.1.2	(11,332)	(14,789)	(3,457)
Net current assets		58,022	65,175	7,153
Non-Current				
Assets	7.1.3	760,514	776,733	16,219
Liabilities	7.1.4	(8,188)	(11,516)	(3,328)
Net non-current assets		752,326	765,217	12,891
Net assets		810,347	830,391	20,044
Equity	7.1.5			
Cash Backed Reserves		40,028	39,796	(232)
Other Reserves and Equity		770,319	790,595	20,276
Total equity		810,347	830,391	20,044

7.1.1 Current assets (\$10.610 million increase)

Council's current asset position is expected to increase compared to the 2019/20 estimates due to the timing of capital expenditure on projects and the receipt of borrowings, therefore resulting in an increase of cash held.

7.1.2 Current liabilities (\$3.457 million increase)

Current liabilities are expected to show an increase against the prior year estimates in line with normal operations, and an allocation of borrowings to be repaid within the financial year.

7.1.3 Non-current assets (\$16.219 million increase)

Council's non-current asset position as at June 2021 is expected to increase compared to the 2019/20 estimates due to a significant increase in the capital works programme as detailed above, and in Appendix C.

7.1.4 Non-current liabilities (\$3.328 million increase)

Non-current liabilities are expected to show an increase against the prior year estimates primarily through additional borrowings received.

7.1.5 Equity (\$20.044 million increase)

The net increase in equity is primarily a function of changes in non-current assets as described above.

7.2 Key assumptions

In preparing the estimated Balance Sheet as at 30 June 2021 it was necessary to make a number of assumptions about key assets, liabilities and equity balances. To the extent possible, these reflect items included in the adopted Estimates. The major variable factors are the effect of inflation on future asset revaluations, the extent to which the anticipated capital works are completed, and the effects of accounting policy changes including asset revaluations.

8 Rating strategy

8.1 Strategy development

Rates and charges are council's principal source of revenue, accounting for some 78% of council's annual revenue. Planning for future rate requirements is therefore an important process.

It has been necessary to balance the importance of rate revenue as a funding source with community sensitivity to rate increases including rates affordability to the general community, and the level of service demanded by the community.

The following table shows a comparison for the last five years.

2016	1.90%
2017	2.30%
2018	2.60%
2019	2.90%
2020	0.30%
Average increase over 5 yrs	2.00%

Note: Increases shown are net of increase in growth, State Government charges and special rebates.

8.2 Current year rate increase

Council's own increase in its net rating requirement is 0.3% against 2019/20. This increase is set in the context of the LGAT Council Cost Index of 2.18% (December 2019) and CPI of 1.3% (June 2020). In addition, there is a range of cost pressures on council including increased demand for green waste and hard waste kerbside collection, maintenance costs associated with new/upgraded facilities and infrastructure, together with various initiatives and resource additions contained within the estimates. Growth in the rates base provides support to total rate revenue.

8.3 Rating structure and policy

Council has a rating structure consisting of numerous components. This structure complies with the Act.

The key components are:

- a general rate calculated as a rate in the dollar applied to the Capital Value (CV) of the rateable property, with a fixed amount. This component supports a broad range of council's services including roads, parks, recreational facilities, regulatory services and community services;
- a service charge in respect of solid waste collection. This component is charged where the service is available to a property and varies according to the level of service provided;

- a fire service rate in respect of the Fire Service Contribution payable directly to the State Government, calculated as a rate in the dollar applied to the CV of the rateable property, with a minimum amount payable. The amount to be collected in each fire district and the minimum amount to be paid in respect of each property is set by the State Fire Commission;
- a stormwater service rate calculated as a rate in the dollar applied to the CV of rateable properties to which a service is available, with a minimum amount payable. This component relates to the provision of stormwater services across much of the City by way of stormwater mains, kerb and gutter infrastructure, maintenance of creeks and drainage easements, and gross pollutant trap infrastructure.

In respect of service rates, the rate amounts are set so that the full cost of providing the service is recovered. Amounts of each rate type may vary based on the level of service provided or on the location or use of the property. For instance, the fire service rate differs between urban areas and rural areas.

The CV is determined by the Valuer-General, as required by the Act. Properties within the municipality are revalued on a periodic basis, currently each six years. Council's most recent general revaluation took effect from 1 July 2019.

Where appropriate, council provides rebates to certain classes of ratepayers. These typically include pensioners and holders of certain rural land, and, where extreme movements occur, rebates to cap the level of rate increases which otherwise may have been experienced by certain property owners.

The structure of council's rates and the underlying policy rationale is set out in council's adopted rates and charges policy as required by the Act.

9 Borrowing strategy

9.1 Strategy fundamentals

Borrowings can be an important funding source for the capital expenditure programme. Borrowings are typically used in support of the construction of a major asset rather than providing general support to the capital expenditure programme.

There is a general industry trend towards debt reduction and, while council currently carries no debt, it views a controlled use of debt as an important tool for the management of infrastructure improvement and expansion. It provides access to an alternative source of capital, minimises pressure on cash flows and income streams at the point of construction, and ensures that the cost of long-life assets is spread over time and therefore better met by those deriving the benefit from those assets.

Year	Total Borrowings 30 June \$'000	Liquidity CA/CL Ratio	Debt Mgt Debt/Rates %	Cost of Debt Interest / Operating Revenue
2014	703	607.9%	1.6%	0.1%
2015	542	634.2%	1.2%	0.1%
2016	371	662.6%	0.8%	0.0%
2017	191	633.2%	0.4%	0.0%
2018	0	647.7%	0.0%	0.0%
2019	0	853.4%	0.0%	0.0%
2020	0	595.7%	0.0%	0.0%

The table shows that as at 30 June 2020 council did not have any debt.

Council's liquidity position has been consistently strong, with cash and investments well in excess of current liabilities in all years.

9.2 Current year borrowings

Council has provided for borrowings in its 2019/20 estimates to fund major infrastructure projects, subject (in part) to this funding being matched from external sources. The timing of any drawdown of debt will be dependent upon this additional funding, project construction timeframes, and corporate treasury management requirements. No repayments have been included in the 2020/21 estimates as the funding has not yet been drawn down.

Year	New Borrowings \$'000	Loan Principal Paid/Transferred \$'000	Loan Interest Paid \$'000	Balance 30 Jun \$'000
2015	0	161	37	542
2016	0	171	28	371
2017	0	180	18	191
2018	0	191	8	0
2019	10,300	0	0	10,300
2020	14,838	0	0	25,138
2021	4,538	446	0	29,230

10 Infrastructure strategy

10.1 Strategy development

Council's infrastructure strategy centres around the two key imperatives of maintaining the capital adequacy of the existing infrastructure base and providing additional infrastructure to improve the level of service provided to the community and to meet the needs of expanding areas.

Capital adequacy has received close attention since the early 1990's at which time council embarked on a long term strategy to fully fund its future infrastructure renewal. To meet long term financial sustainability imperatives, council applies a range of funding to its Infrastructure Renewal Reserve, including a capital contribution from rates (\$8.144 million 2020/21), dividends received from TasWater, and interest earned on accumulated infrastructure renewal funds.

Based on its adopted Asset Management Strategy, Asset Management Plans, and 10 Year Financial Management Plan, council believes its funding effort in respect of infrastructure renewal is sustainable into the future providing current levels are maintained in real terms.

Consistent with the high-level strategy established by its 10 Year Financial Management Plan, council has progressively increased the amount appropriated from renewal funding to physical works, subject to condition assessments made under council's Asset Management Plans.

Year	Renewal Funding Appropriated \$'000
2014/15	9,340
2015/16	9,383
2016/17	9,622
2017/18	9,570
2018/19	9,574
2019/20	10,807
2020/21	11,676

Formal asset management plans are in place for all major asset classes. These are supported by a 10 year Financial Management Plan aimed at providing an indication of likely outcomes of council's policy positions. The 10 Year Financial Management Plan was last reviewed in May 2017 and is scheduled for review during 2020/21.

Council is also committed to providing new infrastructure where it is consistent with council's strategic direction, including enhancing the community's lifestyle, providing for new and expanded business opportunities, and meeting legislative, social, and environmental responsibilities.

New and upgraded infrastructure and initiatives contained within the Capital Expenditure Programme are detailed in Appendix C.

10.2 Key influences for 2020/21

The following influences had a significant impact on the Infrastructure Strategy for the 2020/21 year:

- Requirements of Asset Management Plans for all major asset classes;
- Continued demand throughout the community for improved standards in footpath condition;
- Continued demand throughout the community for improved standards in road condition and addressing road safety issues;
- Council's continued commitment to providing for future infrastructure renewal;
- Council's ongoing commitment to resolve property flooding issues;
- Ongoing development and upgrade of sporting and recreational facilities throughout the City;
- Implementation of major development plans including upgrades to key community facilities such as the Alma St Citizen's centre and Rosny Child Care Centre, DDA upgrades and urban catchment management.

10.3 Future capital works

The following table summarises council's programme of capital expenditure including funding sources for the next three years, as per the adopted 10 Year Financial Management Plan.

Year	Grants & Contributions \$'000	Borrowings \$'000	Renewal Funding, Investments & Reserves \$'000	Working Capital \$'000	Council Operations \$'000	Capital Program \$'000
2019	5,895	-	13,865	-	2,156	21,916
2020	5,460	-	13,990	-	3,818	23,268
2021	4,213	14,838	87	-	1,635	20,773
2022	5,733	-	12,496	-	1,673	14,202
2023	5,860	-	12,635	-	1,718	20,213

All amounts are indicative and may vary according to a range of factors including the assessment of physical asset conditions, funding availability, project priorities, project scheduling, and community demand.

The major funding sources identified include government grants, use of infrastructure renewal funds, and additional rating effort. Borrowings are applied on a specific project basis where appropriate. Council applied and was approved to borrow up to \$14.8 million for a suite of capital works projects that aligned with the State Government's COVID-19 Economic stimulus strategy. The loan facility is available interest free for the first 3 years of the term of the loan. Specific additional funding is likely to become available in the form of specific purpose government grants; rates arising from major new developments may also be applied by council in support of its capital base. Council also holds specific purpose reserves arising from cash collected for public open space and car parking.

Overview to Appendices

The following appendices include disclosures of information which provide support for the analysis contained in sections 1 to 10 of this report.

This information has not been included in the main body of the estimates report in the interests of clarity and conciseness. Council has decided that, while the Annual Plan needs to focus on the important elements of the estimates and provide appropriate analysis, the detail upon which the annual estimates are based should also be provided in the interests of open and transparent local government.

The contents of the appendices are summarised below:

Appendix	Nature of information
A	Estimates statements
B	Statutory disclosures
C	Capital works programme
D	Activities and initiatives

(This page has been left blank deliberately).

Estimates statements Appendix A

Income statement

Balance sheet

Cash flow statement

Capital works programme

Investment reserves

This section sets out the estimate statements for 2019/20 in detail. This information, together with the 10 Year Financial Management Plan, is the basis of the disclosures and analysis of the annual estimates in this report.

CLARENCE CITY COUNCIL
Estimated Income Statement
For the year ending 30 June 2021

	Estimates 2019/20 \$'000	Estimates 2020/21 \$'000	Increase (Decrease) \$'000

Simmons Park to Anzac Park - MUP - Stage 4 - Ford Parade to Anzac Park	400,000
Torrens Street - Gravel Footpath between Henry and Edward Sts, minor pavement works at intersections, Kerb and Gutter and DDA ramps	180,000
Total Roads	16,635,000

Clarence City Council - Capital Programme 2020/21	Total Estimate
Stormwater	
Cambridge Road - Install stormwater pipe to provide connections between 150 and 158 Cambridge Road, Warrane	200,000
Clarence St - Design piped drainage from 22-26 Clarence to Cambridge Rd network	20,000
Clifton Beach - Overland flow path - construction of open drain between Clifton Beach Rd and Buckland St	200,000
Cremorne Stormwater Mgt Stage 1 - Design and consult Frederick Henry Parade drainage improvements	20,000
Drainage Minor Construction - Ongoing program	100,000
Houston Drive – Tunnel erosion remediation	150,000
Jacombe St - Improvements to the existing stormwater network along Parramore Street and Jacombe Street to reduce flood risk to low lying properties	235,000
Jervis Street - Stormwater Improvements	230,000
Pass Road - Repairs to tunnel erosion, construction of cut off drain and improvement to roadside drainage	100,000
Rosehill Drive - Stormwater drain	100,000
Spitfarm Road - Stormwater drainage improvements between approx 82 - 106 Spitfarm Road	100,000
Torrens St - stormwater improvement incl replace existing kerb and installing additional pits and pipes	300,000
Total Stormwater	1,755,000
Active Recreation	
Anzac Park Master Plan - Additional funds to complete the Plan	20,000
Clarendon Vale Oval - Install hinged AFL goals	25,000
Edgeworth St - Replace existing boundary fence	15,000
Geilston Bay Oval - Synth Pads Replacement for practice wicket run ups	5,000
Kangaroo Bay Oval - Replace irrigation	200,000
Lindisfarne Oval - Ball catching net front oval	40,000
Lindisfarne Oval - Front oval boundary fence improvements	50,000
Lindisfarne Oval - Raise cricket pitch - front oval	25,000
Lindisfarne Oval - Upright Storage Unit for AFL goals	15,000
Richmond Oval - Synth Pads Replacement for practice wicket run ups	5,000
Richmond Oval - Water main upgrade	20,000
Risdon Vale Oval - Replace synthetic overlay	6,000
Wentworth Park Oval - Water main upgrade	60,000
Wentworth Park/Edgeworth St/Warrane Garden Belt - Master Planning	60,000
Total Active Recreation	546,000

Clarence City Council - Capital Programme 2020/21	Total Estimate
Passive Recreation	
Allumba Street Park - New garden beds and replace koppers logs	15,000
ANZAC Park - RSL Memorial Park Refurbishment Project	35,000
Beach Foreshore Access Strategy	50,000
Bellerive Beach Park - Master Plan Review	20,000
Carbeen St - Park Upgrade	40,000
Cliff Top Mitigations Measures - Waverley Flora Park - upper track Charles Darwin Trail and Roches Beach to Seven Mile Beach track	45,000
Clifton Beach Park - Soft fall containment	30,000
Council Chambers - Upgrade irrigation equipment front lawn	75,000
Cremorne Park - Soft fall containment	25,000
Drinking stations installation	30,000
Flinders Park Upgrade	50,000
Kayak Wash Down Facility	22,000
Little Howrah Beach - Master Plan and design	80,000
Mortimer Bay Coastal Reserve - connection to Rifle Range Road - construction of a walking trail	60,000
Park Furniture - Ongoing renewal program	30,000
Purchase of Public Art	60,000
Raleigh Park Upgrade	30,000
Richmond Bridge - Tree assessment and management of trees at risk of damaging the bridge	15,000

Warrane Basketball Stadium - entrance door and window frame replacement	15,000
Warrane Mornington Neighbourhood Centre Garden - Install BBQ	10,000
Total Facilities Management	2,304,000
Economic Development and Marketing	
City Heart Project	100,000
Clarence City Band - purchase of additional musical instruments	18,280
Total Economic Development and Marketing	118,280
Grand Total	22,717,280

2. Prior year programmed capital works not completed at 30 June 2020

Note: Actuals include tenders accepted/orders placed as at 30 June 2020. A range of projects are included which are effectively deferred due to issues such as public consultation, funding over multiple years, and awaiting approval of government grants. Estimates include amounts from prior financial years. Several major projects are being funded over multiple years and therefore have large funding approvals in anticipation of works in a future financial year. Projects completed during the year are excluded.

Initiatives: <ul style="list-style-type: none"> Participate in and contribute to the ongoing operation of Destination Southern Tasmania and associated strategies. Publish, distribute and update recreational brochures as required. Partner in the promotion of the Richmond and Coal River Valley region as opportunities allow.

Programme	Activities and Initiatives
City Profile	<p>Objective:</p> <p>To enhance the vibrancy and profile of the City.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Review and update council's Marketing Plan to identify promotional opportunities for the City. • Further development of a database of stock images and short videos to promote visitation to the City, and to showcase the lifestyle of living in the city. • Identify and secure sponsorship opportunities of major events, including promotion of venues and facilities within the City. • Distribute brochures to promote existing cultural and recreational facilities within the City. • Through prospectus publications and networking, promote opportunities for the establishment of restaurant and hospitality services within commercial precincts of the City. • Identify and develop opportunities for the acquisition and installation of public art within the City; and incorporate public art into major streetscape plans for the City. • Develop a strategic vision for the Rosny Park, Kangaroo Bay and Bellerive areas through the City Heart project
City Planning	<p>Objective:</p> <ul style="list-style-type: none"> • To provide for and encourage land use planning based on community values and needs. <p>Initiatives:</p> <ul style="list-style-type: none"> • Ensure the Clarence Local Planning Provisions, as required for the Tasmanian Planning Scheme, are processed through the Tasmanian Planning Commission. • Maintain a contemporary Planning Scheme for the City, by continual review of the controls and processing suitable planning scheme amendments. • Implement the provisions of the relevant legislation and ensure timely issue of approvals. • Ensure continuous improvement of electronic lodgement, approval and recording process for planning applications and subdivisions and strata sealing processes. • Ensure council decisions are appropriately supported in planning appeals and panel hearings.

Programme	Activities and Initiatives
	<ul style="list-style-type: none"> • Provide a free preliminary assessment service for prospective developers to assist them in efficiently preparing suitable planning applications. • Provide a free Heritage Advisory Service for the City, including a Heritage Architect and information sheets and design guidelines to assist property owners. • Provide ongoing enforcement of council's planning scheme and planning permits and investigation of complaints about land use and development in the City. • Implement the Southern Tasmanian Regional Land Use Strategy and to contribute to its review. • Provide timely and considered submissions on proposed changes to planning and subdivision legislation and State planning system proposals. • Implement the retail development strategy for the City, including undertaking any necessary reviews. • Overview implementation of the Richmond Townscape Study and introduce necessary improvements. • Undertake an urban design framework for Rosny Park. • Undertake a structure plan for the sustainable future growth of the Tranmere- Droughty Point –Rokeby peninsula. • Undertake a structure plan for the sustainable enhancement of Seven Mile Beach.
Building & Plumbing	<p>Objectives:</p> <ul style="list-style-type: none"> • Act as a permit Authority through issuing permits, certificates, notices and orders; and by maintaining building / plumbing registers. • Provide information, assistance and support regarding building / plumbing matters. • Ensure compliance so that buildings are safe, energy efficient and meet permit conditions and relevant standards. • Review work processes and improve performance reporting. • Bring outstanding permits to completion.

Programme	Activities and Initiatives
Emergency Management	<p>Objective:</p> <p>To prepare for the effective management of natural events or emergencies within the city.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Further develop the emergency planning framework for the City including ongoing review of the Recovery Plan, Business Continuity Recovery Plan, and Pandemic Plan. • Develop and implement an emergency management exercise programme for the City, including liaison with relevant agencies to ensure proper operation of coordinated response mechanisms. • Implement the Fire Management Strategy for the City. • Investigate and monitor climate change impacts, including storm surge and sea level rise, identifying opportunities to protect property and ensure personal safety. • Undertake necessary environmental monitoring. • Implement the COVID-19 Recovery Action Plan.
Environmental Management	<p>Objective:</p> <p>To enhance and protect the City's natural assets.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Continue implementing priority recommendations from "Climate Change Impacts on Clarence Coastal Areas" report including dune nourishment for Roches Beach, Lauderdale and Ocean Beach Cremorne and Roches Beach - Bambra Reef Extension. • Undertake erosion protection at She Oak Point. • Ongoing partnership arrangements with government and community organisations to target funds to better manage and sustain the environment. • Provide support and leadership to key community groups, including Land Care and Coast Care programmes, in order to manage and enhance our natural environment and respond to emerging issues. • Provide support to NHT programmes. • Develop and implement Natural Areas Rehabilitation Plans. • Implement council's Tracks and Trails Strategy and associated action plan.

Programme	Activities and Initiatives
	<ul style="list-style-type: none"> • Commence community information and awareness programme on energy management and climate change. • Rehabilitate potential contaminated sites on council land. • Continue the development of a risk management framework for recreational waters and waterways particularly in sensitive areas. • Continue upgrading of fire trails.
Waste	<p>Objective:</p> <p>To establish environmentally sustainable practices in relation to waste management within the City.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Manage contract for wheelie bin based Green Waste, Residential Waste and Recyclables collection service. • Manage contracts for the disposal and treatment of kerbside collected green waste, residential waste and recyclables. • Provide “hard waste” collection service to the community. • Ongoing liaison with the State Government and community organisations regarding the implementation of council’s Waste Management Strategy. • Continued collection of public place recycling bins in the City. • Contribute to the governance of the Copping Refuse Disposal Site Joint Authority. • Participate as a member of the Southern Tasmanian councils Authority to improve waste management within Southern Tasmania.
Weeds	<p>Objective:</p> <p>To effectively manage declared weeds within the City.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Implement the goals as per the Weed Management Strategy. • Implement a rolling 3-year priority weed management plan for council land. • Implement work practices to minimise the impacts of Council’s operations on the environment. • Respond to public complaints and provide information to assist with weed eradication within the City.
Natural Areas	<p>Objective:</p>

Programme	Activities and Initiatives
	<p>To ensure that natural areas within the City meet and satisfy the long-term needs of the community.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Schools Landcare Support Programme. • Develop Natural Area Rehabilitation Plans. • Upgrades to signage and entrances for Glebe Hill Bushland area.
Roads	<p>Objective:</p> <p>To provide adequate infrastructure for the effective and safe transport of people and goods through the City.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Develop partnership arrangements with government and community organisations to target funds to develop and expand Council's road networks. • Conduct hazard and condition assessment programmes and deliver annual replacement works programmes for reseal, pavement and footpath assets in accordance with Council's Roads and Transport Asset Management Plan. • Pursue federal funding opportunities as part of the Roads to Recovery Initiative and 'black spot' funding programmes. • Investigate and assess the impact of major development proposals on Council's Roads and Transport Infrastructure. • Undertake traffic management and road safety investigations as required. • Undertake development projects including: <ul style="list-style-type: none"> • Improve Disability Access to City infrastructure; • Construct new footpaths, kerb and gutter; • Extend cycle way network on programmed basis; • Torrens Street – footpath/pedestrian safety upgrades; • Continue Foreshore Trail network Montagu Bay to Rosny College; • Hadlow Rd – footpath, kerb and gutter; • Clarence Mountain Bike Park entry road and car park; • Saundersons Road foreshore stabilisation; • Pass Road pavement reconstruction; • Piper Road /east Derwent Highway junction upgrade; • Acton Road rural footpath – Stage 3; • Lincoln Street pedestrian crossing;

Programme	Activities and Initiatives
	<ul style="list-style-type: none"> • Backhouse Lane road upgrade; • Begonia Street / Malunna Road junction upgrade; • Clarence Street / Cambridge Road intersection upgrade; • Lindisfarne – Continue Simmons Park to ANZAC Park multiuser path; • Sugarloaf Rd, Changeroom parking – prepare and seal car park; • DDA Ramps; • Road Reseal Programme – ongoing; • Kangaroo Bay, public pier construction; • Major digouts/road reconstruction works.
Stormwater	<p>Objective:</p> <p>To protect life, property and community amenity by the effective collection and disposal of stormwater.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Develop Stormwater Catchment Management Plans for the City, in accordance with the Urban Drainage Act. • Develop an asset renewal and extension programme for stormwater assets that meets the needs of the City in accordance with the Stormwater Asset Management Plan. • Develop stormwater software models and associated database to support the asset renewal and extension programme. • Develop a Headworks Policy for stormwater based on the Stormwater Asset Management Plan for the City. • Pursue major specific stormwater initiatives consistent with the adopted Capital Expenditure Programme. • Undertake drainage improvement works in accordance with the adopted Capital Expenditure Programme, including: <ul style="list-style-type: none"> • Blessington St – stormwater network; • South Arm Road - stormwater mains design works; • Urban Catchment Management Plans; • Jacomb Street – stormwater system upgrade; • Beach Street stormwater upgrade; • Boldrewood Court – stormwater upgrade; • Clifton Beach drainage works; • Rosehill Drive – drainage works; • Rosny Childcare Centre stormwater upgrades.

Programme	Activities and Initiatives
Facilities Management	<p>Objective:</p> <p>To provide the community with equitable access to active and passive recreation opportunities, and to civic buildings.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Develop an asset renewal and extension programme for community facilities and buildings that meets the needs of the City in accordance with the council's Buildings Asset Management Plan and promotes the efficient and effective management of those facilities. • Alma's Activities Centre upgrade including DDA compliance works. • Clarence Council Depot – DDA compliance and solar system. • Risdon Vale public toilets and changeroom construction. • Clarence Mountain Bike Park public toilets construction. • Seven Mile Beach public toilet. • Lauderdale Canal public toilets. • Opossum bay public toilets. • Bellerive Boardwalk deck replacement. • Clarence Aquatic Centre plant upgrades. • Rokeby Youth Centre – Concept plan for centre upgrade. • Rosny Child Care Centre landscaping upgrade. • Warrane Community Garden – BBQ Install.
Governance	<p>Objective:</p> <p>To provide clear strategic direction for the future of the City; to provide leadership in representing the interests of the City; and to ensure the operations of the council are conducted in a responsible and accountable manner.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Develop/review policies to guide the responsible management of the City. • Develop relationships and partnership arrangements with Federal and State Governments, and other representative bodies, in order to promote and represent the City's interests. • Promote accountable and transparent governance through conduct of council Meetings and the Annual General Meeting. • Conduct an Internal Audit Programme to review and improve key operational areas within council. • Maintain the Code of Conduct for Aldermen including the administrative arrangements.

Programme	Activities and Initiatives
	<ul style="list-style-type: none"> • Maintain a Pecuniary Interest Register and other interests registers in respect of Aldermen and staff. • Participate in, and review, council's performance through various review mechanisms including Local Government Board Reviews, KPI Projects, etc.
Finance	<p>Objective:</p> <p>To minimise council's exposure to financial risk; to maintain council's sound financial position; and to optimise the use of available resources for community benefit.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Undertake the current cycle of revaluation of council assets. • Implement, monitor and review 10 Year Financial Management Plan. • Implement control and efficiency enhancements arising from reviews undertaken by the Auditor General and council's Audit Panel. • Implement requirements of the COVID-19 Financial Hardship Policy. • Conduct a half year review of council estimates.
Strategic Marketing	<p>Objective:</p> <p>To provide strategic direction for the City in the area of marketing and associated activities.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Review and update council's Marketing Strategy. • Implement the outcomes of the social media. • Review of council branding to ensure consistency.
Customer Contact	<p>Objective:</p> <p>To deliver seamless, efficient and integrated customer service experience and increase the resolution rate for customers at the first point of contact across council.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Review of the Customer Service Framework and Customer Service Charter. • Increased level of first contact resolutions.
Council Consultation & Communication	<p>Objective:</p> <p>To actively engage the community in council activities, projects and issues.</p>

Programme	Activities and Initiatives
	<p>Initiatives:</p> <ul style="list-style-type: none"> • Implementation of revised Community Engagement Policy, tools and templates to deliver a more consistent and coordinated approach to community consultations on major policy issues and projects. • Produce the Annual Report for presentation at the Annual General Meeting. • Produce each Quarterly Report.
Risk Management	<p>Objective: To ensure effective strategies are identified and implemented which provide for safe and effective management and delivery of council's services.</p> <p>Initiatives:</p> <ul style="list-style-type: none"> • Implement the council's Risk Management Policy and the Risk Management Policy Implementation Plan. • Continue to develop council's Corporate Risk Register to ensure the effective management and review of risks. • Provide risk management and work health and safety training and equipment. • Facilitate the conduct of Biennial Risk Audits by council's Insurers. • Undertake business systems reviews to ensure best practice standards are identified and incorporated into work processes and practices. • Maintain council's insurance portfolio to ensure appropriate insurance coverage for identified risks and exposures.
Information Services	<p>Objectives:</p> <ul style="list-style-type: none"> • To support the delivery of council services by delivering quality information and timely access to systems and tools to our customers, both internal and external. • To work collaboratively with our customers to efficiently and effectively identify needs and deliver solutions which will help our customers, and which deliver council's strategic objectives. <p>Initiatives:</p> <ul style="list-style-type: none"> • Implement a web-based portal to increase online services to customers including lodging enquiries and applications and making payments. • Implement a web-based tool, Vendor Panel, to digitise and improve council's processes for seeking and receiving quotations and tenders for operational, design and construction works from suppliers.

Programme	Activities and Initiatives
	<ul style="list-style-type: none"> • Refresh and Extend the Clarence City Council Communications Network and Wi-Fi. • Conduct a continuous improvement program for council's core operational system, One Council. • Monitor and improve council's cyber security including device management. • Implement a policy and procedure to enable staff to operate safely and efficiently in mobile workplaces. • Participate and contribute to the Greater Hobart Smart City Working Group. • Develop a council Digital Strategy. • Review and update council's operational policies including the Information Management Policy and Procedure. • Continue to digitise council records.
Human Resources	<p>Objective:</p> <p>To ensure the necessary programmes, processes and policies are in place to:</p> <ul style="list-style-type: none"> • Support the achievement of the organisation's operating plan within a framework of effective risk management and legislative compliance. • Provide for a supportive culture that promotes the well-being of workers and their families. • Provide market competitive remuneration and benefits. • Ensure safe and healthy workplaces. • Facilitate the development of a capable and engaged workforce. • Initiatives: • Workforce planning to align the needs and priorities of the organisation with the workforce. • Performance management activities to continuously improve performance and identify training and development needs. • Investigation, review and implementation of work practices and policies to ensure work health and safety compliance and management of risks and maintenance of accreditation status. • Undertake regular market review to ensure that remuneration and benefits are competitive for the markets in which we compete for our people. • Continuing review and development of human resource policies and procedures which provide a framework for decision

Programme	Activities and Initiatives
	marking and reflect council's commitment to the highest standards of honesty and integrity.
Corporate Management	<p>Objective:</p> <ul style="list-style-type: none"> • To provide leadership and management to all aspects of the organisation through pro-active and timely senior management involvement and direction. <p>Initiatives:</p> <ul style="list-style-type: none"> • Prepare the Annual Plan and Estimates for consideration and approval of council. • Provide quarterly reports to council regarding achievement of the Annual Plan and Estimates. • Review, monitor and report progress toward achieving council's Strategic Plan objectives. • Provide legal advice to council; represent council's interests in court or tribunal proceedings where required. • Update Asset Management Plans for council's Asset and Renewal Strategic Asset Plan.

11.7.3 ADOPTION OF COUNCIL POLICY - MOBILE FOOD BUSINESS IN PUBLIC PLACES POLICY AND PROCEDURE/GUIDELINES
EXECUTIVE SUMMARY
PURPOSE

To consider the adoption of a Mobile Food Business in Public Places Policy.

RELATION TO EXISTING POLICY/PLANS

Council currently has no policy that governs the process for the establishment of a framework under which a permit may be granted to allow Mobile Food Businesses to operate on council owned or managed land. A policy has been developed for council approval. The policy framework also considers:

- Clarence City Council Public Places Bylaw No. 1 of 2018;
- Fees and Charges (non-rates) Policy; and
- Mobile Food Businesses in Public Places Procedure and Guidelines.

LEGISLATIVE REQUIREMENTS

The policy and procedure provide for requirements outlined in:

- *Food Act 2003*;
- *Food Safety Standards*; and
- *Vehicle and Traffic Act 1999*.

CONSULTATION

No public consultation has been undertaken on this matter.

FINANCIAL IMPLICATIONS

It is anticipated the financial implications as a result of adopting this policy will be minor and can be absorbed within council's current Annual Plan.

Additional funds may be required beyond the initial trial period for ongoing management and compliance monitoring subject to uptake of applications and any potential extension of sites. These requirements will be identified to council through future budget processes.

RECOMMENDATION:

- A. That Council adopts the Mobile Food Business in Public Places Policy for a 12-month trial basis.
- B. That following the trial period, consultation to be undertaken with businesses, residents and food business vendors to determine any issues, opportunities and to identify whether the policy becomes a permanent arrangement.
- C. That Council adopts the following fees and amends the approved Schedule of Fees and Charges to reflect those fees:
 - 12-month permit - \$800
 - 6-month permit - \$350

/ Refer to Page 106 for Decision on this Item...

ADOPTION OF COUNCIL POLICY - MOBILE FOOD BUSINESS IN PUBLIC PLACES POLICY AND PROCEDURE/GUIDELINES /contd...

Decision:	MOVED Ald Ewington SECONDED Ald Kennedy “That the Recommendation be adopted”. CARRIED UNANIMOUSLY
------------------	--

11.7.4 ADOPTION OF COUNCIL POLICY – FLYING OF FLAGS POLICY AND PROCEDURE

EXECUTIVE SUMMARY

PURPOSE

To consider the adoption of a Flying of Flags Policy.

RELATION TO EXISTING POLICY/PLANS

Council currently has no policy that governs the basis upon which council flies official flags.

LEGISLATIVE REQUIREMENTS

The policy provides for requirements outlined in:

- *Flags Act 1953; and*
- *Protocols for the Appropriate Use and the Flying of the Flag, Department of the Prime Minister and Cabinet.*

CONSULTATION

No public consultation has been undertaken on this matter.

FINANCIAL IMPLICATIONS

There are no financial implications as a result of adopting this policy.

RECOMMENDATION:

That council adopts the Flying of Flags Policy.

Decision:	MOVED Ald von Bertouch SECONDED Ald Kennedy	
	“That the Recommendation be adopted”.

11.7.5 REVISION TO COUNCIL ESTIMATES 2020-2021**EXECUTIVE SUMMARY****PURPOSE**

To amend the approved Estimates to account for and address staff resourcing deficits arising due to increased unexpected work activity across the organisation.

RELATION TO EXISTING POLICY/PLANS

Council's Estimates, Annual Plan, and work health and safety policy are relevant.

LEGISLATIVE REQUIREMENTS

The Local Government Act 1993 and Work Health and Safety Act 2012 are relevant.

In accordance with Section 82 of the Local Government Act 1993, council may make amendments to its estimated revenue and expenditure by simple majority, provided the total amount of the Estimates is not altered.

CONSULTATION

There is no consultation required in relation to this matter.

FINANCIAL IMPLICATIONS

It is anticipated the financial implications associated with adopting the recommendation will result in an additional wages cost of \$496,400 (including oncosts) in the current financial year. This additional expenditure is offset by additional income and/or savings. Consequently, other than recognising change in income and expenditure, there is no substantive amendment required to the total amount of the Estimates.

RECOMMENDATION:

That Council:

- A. Adjusts both income and expenditure Estimates amounts to enable recruitment of new positions as specified in the associated report. Each estimate is to be amended equally to the value of \$496,400, with a nil impact on the total 2020/21 Estimates.
- B. That the General Manager investigates other options to assist council to respond effectively to the risks identified in the associated report and advise council of any other proposed mitigation strategies.

/ Refer to Page 109 for Decision on this Item...

12. ALDERMEN'S QUESTION TIME

An Alderman may ask a question with or without notice at Council Meetings. No debate is permitted on any questions or answers.

12.1 QUESTIONS ON NOTICE

(Seven days before an ordinary Meeting, an Alderman may give written notice to the General Manager of a question in respect of which the Alderman seeks an answer at the meeting).

Ald Warren has given notice of the following question.

CLIMATE CHANGE PROJECTS UPDATE

I met with the new Council Climate Change officer in March 2019. At that point there were about \$100,000 worth of projects to be done, including a Greenhouse Gas Reduction Plan, a Climate Change Policy, a Climate Change Adaptation Project, and a Coastal Policy.

Could the General Manager - through you Mr Mayor - please provide an update on these projects, their status, and when we can expect to see these come to Council for decision?

12.2 ANSWERS TO QUESTIONS ON NOTICE**CLIMATE CHANGE PROJECTS UPDATE**

The following is a summary of the status of the above projects:

Greenhouse Gas Emissions Reduction Plan - This project takes the form of an "Energy Savings Action Plan". The focus is on saving energy and greenhouse gas emissions in seven Council buildings in accordance with reports from energy audits of the buildings. The Energy Savings Action Plan is at the manager review stage and will be presented to Council soon.

Coastal Policy - The Coastal Hazards Policy has been drafted following extensive consultation with both external consultants and internal staff. The Policy was presented to Council at the workshop in early October. A detailed communications strategy is being developed for consideration by council.

Climate Change Adaptation project - a national and international specialist climate change consultant was engaged in December 2019. The first draft report titled "Clarence City Council's Plan for Adapting to Climate Change" has been received. Incorporating staff consultation, the report identifies priority climate risks and provides a proposed action plan based on a risk management approach. A systematic and ongoing risk management approach is recommended. It is intended that the draft Plan will be presented to Council in the first quarter of 2021.

/ contd on Page 111...

ANSWERS TO QUESTIONS ON NOTICE /contd...

Climate Change Policy - the foundation feature of a climate change policy is to establish the carbon budget and targets for reducing greenhouse gas emissions for Council and the municipality. With the help of specialist consultants, a proposal for this has been drafted and is at the manager approval stage. The two-page draft document “Setting a Carbon Target for Clarence - Foundation for a Climate Change Policy” will be ready to present to Council as Stage 1 of a Climate Change Policy, when all relevant reviews have been completed.

12.3 ANSWERS TO QUESTIONS WITHOUT NOTICE – PREVIOUS COUNCIL MEETING**Council Meeting 12 October**

At Council’s Meeting of 12 October 2020, Ald Mulder asked the following question:

“In relation to the Kangaroo Bay Boulevard site, regarding sale of council land to the proponent can I seek information as to the value of that land in terms of the contractual arrangement and whether or not that value is for individual plots of land or whether that value is for the collective land because it is likely that the sum of the whole is greater than the sum of the parts?

At Council’s Meeting of 2 November 2020, Ald Mulder asked whether the General Manager’s response provided to Ald Mulder separately could be included in the Minutes.

The General Manager’s response is as follows:

The Boulevard site comprises six adjoining freehold titles - three vacant lots and three improved residential lots located between Kangaroo Bay Drive and Cambridge Road, Bellerive.

The valuation was undertaken by the Office of the Valuer-General and completed in July 2020. The valuation assessed the six titles as one whole site which has a land area of 1.3308 hectares.

There is no “sale and development agreement” for the Boulevard site in place. What is in place is a “preferred developer agreement”. That agreement defines the terms under which Hunter develops, consults and submits its development application. If Council approved the DA then we will move to the SDA stage. Terms will of course be discussed with/ approved by council before any agreement is signed.

For completeness, the development application for the Kangaroo Bay Boulevard site has been submitted but is not yet valid because landowner consent has not been provided. Council officers have sought further information before the granting of landowner consent is considered. That further information was received last week and is currently being reviewed.

/ contd on Page 41...

**ANSWERS TO QUESTIONS WITHOUT NOTICE – PREVIOUS COUNCIL MEETING
/contd...****Council Meeting 2 November**

Ald James

1. At one of our workshops recently there was discussion about three options for provision of a seawall on Pipeclay Esplanade. Is it proposed that this matter be canvassed with the community in relation to their feedback as to which option may be, in their consideration, the best option for a seawall in that particular area?

ANSWER

At the workshop it was explained that time was needed to explore all the proposals provided by WRL (Water Research Laboratory) in terms of options and to come back to council in terms of the pros and cons and the science of each of those before we can decide whether we are going to go back to the community with and in what form, so the matter will need to come back to a council workshop.

2. Following a question I put to the General Manager at Monday's workshop regarding a government valuation and when we would be receiving that government valuation in respect to the Kangaroo Bay hotel and hospitality school and given that the General Manager has made a comment in the working papers that on his assessment there is a possible assessment on the land of between 6 and 8 million and that is in the papers that we discussed that were available to the public on that night. Given those couple of scenarios in any potential buy back would the government valuation play an integral part in the assessment of that land in any buy back process?

ANSWER

The request in terms of the government valuation was to inform council what the current value of that land is. At this point in time it would require a decision of council to explore that as an option. There are a number of options on the table and I understand that we have not explored those any further at this point, so any valuation is a hypothetical situation.

Mayor

It will be a matter for council once we are aware of what those figures are. I will stress that if we are embarking on a course of land acquisition and negotiations, we will need to consider some aspects of that in confidential session of council.

Ald Blomeley

1. Since the 12 October vote on the time extension request of Chambroad Australia there has been a proliferation of unauthorised political stickers bearing the slogan "Buy it Back" stuck on public infrastructure in and around Bellerive village, Kangaroo Bay and surrounding areas in our City. Mr Mayor on a walk over the weekend I counted more than 20 stickers crudely adorning publicly owned road and safety signs, public infrastructure such as bins, children's swings and picnic tables. The question is could you please advise: 1 - the cost of removing and cleaning up this graffiti; and 2 - steps being taken to ensure the person or persons responsible for this unauthorised graffiti is sent a bill for the cost so ratepayers are not left to foot the bill?

/ contd on Page 113...

**ANSWERS TO QUESTIONS WITHOUT NOTICE – PREVIOUS COUNCIL MEETING
/contd...****ANSWER**

The cost to remove the stickers and graffiti will vary depending on location and things like the type of sticker and what it is stuck to, so it is difficult to give an accurate estimate but it could be in the range of \$15-\$50 per sticker depending where it is and what it is stuck to. We would also need to do things such as site assessments where stickers are in areas, for example where there is high traffic; we might have to take traffic precautions to make sure of safety for workers. There is a provision in the Litter Act 2007 and also council's Public Places By-law that apply a financial penalty by way of an infringement notice for an offence committed and also allows for the recovery of remedial costs providing we have sufficient evidence to issue that infringement. We have had a look at those stickers, they don't have any identifying marks on them so we would ultimately need evidence of the person or persons who are applying those stickers. At that point we would probably be able to proceed.

2. In July I lodged an Alderman's Request regarding the barrier mesh around a telecommunications pit at the intersection of Berega and Tanundal Streets, Howrah. In response Mr Graham promptly advised that Telstra own the pit. They had been required to undertake urgent repairs to the pit. As of 9am this morning the pit is still unrepaired and the mesh fence still in place. The only thing that appears to have occurred since this matter was first raised with council is the growth of weeds surrounding the fence. Mr Mayor as a priority can this matter please be actioned with a progress report to Aldermen in future in our weekly briefing reports?

ANSWER

We have contacted Telstra and they have advised that they thought the pit would just need to be repaired but on review the pit requires complete replacement. They go out to contract for that and they are going to advise us in a forthcoming time period when those works will be undertaken. I will inform Aldermen as soon as I have further information.

Ald Walker

1. The grass has risen rather rapidly in many places. I understand that our staff will face some profound challenges with some of the overgrowth that has taken over quite a few tracks. Just today I bush bashed my way through the track at the Geilston Bay foreshore. My question basically relates to this sort of incidental thing that happens most years in spring. Rather than trying to make our staff work 24 hours per day are there any adjunct things or ancillary mechanisms we could be bringing in to tackle this when it hits us most springs?

ANSWER

We will be doing an audit shortly on our tracks and trails which we do wait for the spring period to enact and then we can see which areas we need to address. Council did organise some equipment for our workers this financial year which should certainly aid us in addressing some of the areas considering how many kilometres of tracks and trails that we have.

/ contd on Page 43...

**ANSWERS TO QUESTIONS WITHOUT NOTICE – PREVIOUS COUNCIL MEETING
/contd...**

2. Regarding Page 29 of the Agenda which relates to the Sport and Recreation Committee Quarterly Report in the Grants section it notes Healthy Tasmania Grants that Council will make an application for round 2 of the Healthy Tasmania Fund to request funding for the construction of a ninja park at Neilson Park, Rokeby. The funding program closed 30 October. This matter did come before us at a workshop. My recollection was that there was pretty strong support for progressing this and I also note that from recollection council was applying to use the same grant for an evaluation of Fitness in the Park. Is this correct and if it is what priority would have been determined by council as the main one going forward as my suspicion around council chamber was that it wasn't the ninja park.

ANSWER

We do not assign a priority to the two grants. The grant application that you are referring to in regard to Fitness in the Park was a much broader grant than just Fitness in the Park and the two were submitted and will compete on their own merits as part of that system. We expect that those grants around the state will be quite heavily contested so at this point we do not know how many applications have been made.

Ald Edmunds

Regarding the intersection with Shoreline, between Clarence Street and Howrah Road I have had quite a few people, parents mainly, raising their concerns with children crossing that road and suggesting that a turning arrow on Clarence Street would be a good safety measure. Since those lights have been put in has there been any review of their operation and if not would council consider putting a red arrow on Clarence Street?

ANSWER

I can arrange for our internal traffic group to do an assessment in terms of whether there is any crash history or any other issues. I know we did get some grant funding a few years ago and we improved the left hand turn coming up from Shoreline from the south but we can undertake an assessment.

Ald Ewington

Regarding the petition tabled last meeting on the Kangaroo Bay Buy Back can I ask that we record the actual question that was on that petition in the minutes. My concern is that it is not listed in the minutes here and it's not listed in the minutes of the actual petition item. I would like the actual question that is asked by people and whether we did an analysis of the people who were on the petition in relation to where they live. I would be interested to know that information.

/ contd on Page 115...

**ANSWERS TO QUESTIONS WITHOUT NOTICE – PREVIOUS COUNCIL MEETING
/contd...****ANSWER**

I believe we have an analysis done and I can circulate that to Aldermen. Certainly, we can record the question that was asked on the petition.

Question contd...

My concern is that the question did not reflect the full scope of what we were dealing with.

ANSWER

The question that was asked by the petitioners was as follows:

“We the undersigned, petition the Mayor and Aldermen of the Clarence Council to activate the buy-back clause in the contract for the sale of council land to Chambroad Australia for the construction of a hotel and hospitality training school at Kangaroo Bay Drive, Bellerive”

Ald Kennedy

Following on from the tribute and motion earlier regarding this year’s Clarence’s Senior Citizen of the Year Dal Hyland’s passing, he was obviously known and respected and loved by so many people in the community but I did notice that one of the tributes from the family said rather than sending flowers perhaps consider planting a tree. Given his connection to the Fort is there an opportunity to explore with Parks and Wildlife and Dal’s family perhaps for planting a tree somewhere significant to where he spent so many hours volunteering, I am not talking about a monument as such but just planting a tree.

ANSWER

We will raise this request with Parks and Wildlife with the aim of gaining consent. If consent is provided, we will then discuss with Dal’s family.

Ald Mulder

1. What is the situation with the lease of the Rosny Hill proposal if that proposal does not proceed to construction?

ANSWER

There is no lease for the proposal at this point in time. We are awaiting the determination of the Tribunal and for any appeal processes to conclude before we do any work on that.

Question contd

So the situation will be that they can apply subject to the outcome of the appeal, get permission to build but then don’t proceed to build. What’s the question then? Will the lease be part of the building application?

/ contd on Page 45...

**ANSWERS TO QUESTIONS WITHOUT NOTICE – PREVIOUS COUNCIL MEETING
/contd...**

ANSWER

No, the lease will not be part of the building application. It will be a consequent negotiation to the permit being confirmed. So, to put it in perspective, my understanding is that the proponent would need to have the lease settled before they can commence building otherwise, they have no basis on which proceed. A permit on its own is not enough.

Question contd

If we get to a point where a lease is issued and then construction doesn't go ahead does that invalidate the lease?

ANSWER

It would depend on the terms of the lease, but it would certainly be an issue that we would be alert to and concerned about.

Mayor

I would imagine that a lease would need a decision of council?

ANSWER

Absolutely, because it is a dealing in land so any lease will come forward to Council.

- 2, Why does the State Government propose a ferry jetty as an attachment to the breakwater pier which is currently being built by council in Kangaroo Bay when obvious sites like the existing one at the Waterfront Hotel or the proposed Kangaroo Bay Hotel development site seem to be obvious choices?

ANSWER

The request that I received for clarification on council's position is that it may be one site as an option. The conversation I have had with the Department of State Growth is that the actual site will be a matter for each of the applicants to assess and put forward their proposal. So simply put the Department of State Growth wanted to know whether it was possible for us to consider the breakwater and pier structure as a possible site not that it was the only site.

Question contd

I understand there may be been issues around the depth of water and existing moorings given the landfill?

ANSWER

I am not sure about that Ald Mulder. If that were an issue that would be an issue for each of the proponents in their applications to address.

12.4 QUESTIONS WITHOUT NOTICE

An Alderman may ask a Question without Notice of the Chairman or another Alderman or the General Manager. Note: the Chairman may refuse to accept a Question without Notice if it does not relate to the activities of the Council. A person who is asked a Question without Notice may decline to answer the question.

Questions without notice and their answers will be recorded in the following Agenda.

The Chairman may refuse to accept a question if it does not relate to Council's activities.

The Chairman may require a question without notice to be put in writing. The Chairman, an Alderman or the General Manager may decline to answer a question without notice.

13. CLOSED MEETING

Regulation 15 of the Local Government (Meetings Procedures) Regulations 2015 provides that Council may consider certain sensitive matters in Closed Meeting.

The following matters were listed in the Closed Meeting section of the Council Agenda in accordance with Regulation 15 of the Local Government (Meeting Procedures) Regulations 2015.

13.1 APPLICATIONS FOR LEAVE OF ABSENCE

13.2 LEGAL MATTER

13.3 TENDER T1371-20 - PIPER ROAD, GEILSTON BAY – ROAD UPGRADE

13.4 TENDER T1380-20 - ASPHALT RESURFACING WORKS 2020/21

In accordance with Regulation 15 of the Local Government (Meeting Procedures) Regulations 2015 the reports in the Closed Meeting section of the Council Agenda were dealt with on the grounds that the detail covered in the reports relates to:

- contracts and tenders for the supply of goods and services;
- applications by Aldermen for a Leave of Absence;
- matters relating to actual litigation.

The content of reports and details of the Council decisions in respect to items listed in “Closed Meeting” are to be kept “confidential” and are not to be communicated, reproduced or published unless authorised by the Council.

Ald Ewington and Ald Kennedy left the Meeting at this stage (9.48pm).

Decision:

PROCEDURAL MOTION

MOVED Ald Warren **SECONDED** Ald Peers

“That the Meeting be closed to the public to consider Regulation 15 matters, and that members of the public be required to leave the meeting room”.

CARRIED UNANIMOUSLY

CLOSED MEETING /contd...

The following Closed Meeting Motions have been authorised by Council for publication in the public Minutes.

13.3 TENDER T1371-20 PIPER ROAD GEILSTON BAY - ROAD UPGRADE

(File No. T1371-20 - Ecm 4472093)

Decision: **MOVED** Ald Walker **SECONDED** Ald Peers

- “A. That the Tender Response from BlackCap Construction Pty Ltd for \$759,747.27, excluding GST, being the option where the risk associated with latent conditions rests with the contractor, rather than with the Council be accepted for the road upgrade works in Piper Road at Geilston Bay.
- B. That, in accordance with Regulation 34(3) of the Local Government (Meeting Procedures) Regulations 2015, Council authorises for release of the Council’s decision (only) in respect to this item to the general public via the open minutes of this meeting and for communication to relevant parties.”

CARRIED UNANIMOUSLY

13.4 TENDER T1380-20 ASPHALT RESURFACING WORKS 2020/21

(File No T1380-20 - Ecm 4472192)

Decision: **MOVED** Ald James **SECONDED** Ald Kennedy

- “A. That the Tender Response from Downer EDI Works Pty Ltd for \$958,298.97, excluding GST, being the option where the risk associated with latent conditions predominantly rests with council, rather than with the Contractor, be accepted for the road Asphalt Resurfacing works 2020/2021 for various streets in Clarence.
- B. That, in accordance with Regulation 34(3) of the Local Government (Meeting Procedures) Regulations 2015, Council authorises for release of the Council’s decision (only) in respect to this item to the general public via the open minutes of this meeting and for communication to relevant parties.”

CARRIED UNANIMOUSLY

The Meeting closed at 10.04pm.
