

Land and Coast Care Grant Program Application Form

Clarence City Council's Natural Resource Management and Grants Committee assesses grant applications against the criteria listed below.

The grants help local groups to run environmental projects predominantly on council-managed land. Projects not on council-managed land can still be eligible, but the application needs to demonstrate outstanding community benefit.

If you are unsure whether your project meets the assessment criteria, please contact council to discuss.

Criteria:

- Previous project funding from council has been acquitted.
- Group has the current capacity (consider membership, time, skills, motivation, and experience) to manage and achieve their project.
- Group has the potential future capacity (see above) to maintain outcomes (regular monitoring, weed control, watering).
- Project will increase the skills, knowledge, and capacity of the group.
- Project has significant conservation outcomes (improves biodiversity health, reduces threats to natural values).
- Project demonstrates broader community benefit or promotes community engagement and awareness.
- Project application represents good value (through in-kind support).
- Project has the potential to enable or catalyse the development and implementation of other beneficial projects or create significant awareness of the local natural resource values and their management issues.
- Project activities have links with an approved reserve activity plan, management plan or relevant strategy.

Two levels of grants are offered. Groups who are incorporated may apply for a grant up to \$5000. Groups without incorporation may only apply for grants up to \$1,000 or be auspiced by another organisation (eg. Landcare Tasmania) who is eligible to apply for a higher grant.

Section 1. Applicant details

Name of group:

ABN (if applicable):

Contact name:

Postal address:

Phone:

Email:

Grant amount requested (\$)

Financial year in which grant is requested (e.g. 2022-23)

Name of reserve activity plan, management plan or natural resource management strategy that relates to the project:

Electronic link to the relevant plan or strategy:

Section 2. Site details

Description of project site (place name, specific location, approx. area etc):

Who is the landowner/s? (Clarence City Council, DoE, PWS, private landowner name etc)

If the landowner is someone other than council, do you have approval of the landowner for the proposed activities?

Yes ☐

No ☐

N/A ☐

Map of the proposed project site included (if applicable)

Yes ☐

No ☐

N/A ☐

Who is the landowner/s of adjoining land?

Will you notify neighbours if they are likely to be impacted by project works?

Yes ☐

No ☐

N/A ☐

Section 3. Capacity of group

Average participants per working bee:

Skill level of group (high, medium, low):

Section 4. Project description

Use dot points to describe activities to be undertaken:

Use dot points to explain how the works will be maintained in the long term:

Section 5. Planting

If planting is to be undertaken, please list species to be used:

Section 6. Weeding

If weeding is to be undertaken, please list target weed species and weed control methods:

Section 7. Additional Information

Please include any supporting documentation, including the following items where applicable.

- A labelled map of the project site
- Photos of the project site
- A copy/photo of any contractor or supplier quotes
- A copy of your current Incorporated Association certificate

Section 9. Project budget				
*Volunteer labour is given a value of \$40/hr when calculating in-kind contributions				
Item or unit	Quantity	Cost or item or unit	Funds sought	In-kind contribution
Supplies:				
Tools (please specify)				
Plants				
Mulch/weed matting				
Rocks/gravel				
Plant guards				
Stakes				
Fencing materials				
Skip bin hire				
Water tanker				
Contractors (please specify)				
Chemical spraying				
Site preparation				
Graphic design				
Volunteer efforts (in-kind)				
Project delivery				
Administration				
TOTAL (\$)				

Submit this completed form, along with the required additional information, to landcare@ccc.tas.gov.au.

If you require assistance, please contact council on 03 6217 9500.
