

GUIDELINES

COMMUNITY GRANTS

OVERVIEW

Support for programs and activities that address a specific need or provide a direct benefit to the Clarence community by promoting community participation, inclusion, wellbeing, connection, resilience and capacity.

Applicants from outside of Clarence may apply, but must demonstrate benefit to the Clarence community.

Funding available

There are two tiers of funding available for projects/activities:

Level 1 between \$500 to \$5,000, and

Level 2 from \$5,000 to \$10,000 ex GST.

Requests over \$5,000 must demonstrate a strategic long-term investment for the community.

Examples of long-term investment indicators include projects and activities that:

- provide a lasting community benefit which impacts a minimum 2 years
- deliver benefits that build local capacity over time (such as skills building, promotes self-reliance, strengthens local partnerships)
- requires the applicant to invest time and resources in establishing and maintaining the project or activity throughout this period
- have high visibility within the community or target group.

Funding rounds and limits

Community Grants are assessed up to twice per year in two separate rounds.

You may only submit one application for each funding round.

You will be unable to apply for another grant if you have an outstanding acquittal from a previous round.

Key dates

Round 1

Opens on 01 July

Closes on 30 September

Funding is available for projects commencing after 1 December.

Round 2

Opens on 01 February

Closes on 31 March

Funding is available for projects commencing after 1 June.

Late applications will not be accepted.

You will be advised of your application's outcome in writing 6–8 weeks after each round's closing date.

To provide for transparent and equitable decision-making, we are unable to provide outcome advice outside this process.

Schools cannot apply in their own right; however an application can be considered if it is submitted by the School's Parent Association (P&F or P&C). It must be for a one-off event, project or activity that is not the core responsibility of the school and is open to or involves the wider community.

If you're unsure about your eligibility, please read the General Grants Program Information Fact Sheet for more information or contact a Community Grants Officer.

What can you apply for?

Who is eligible?

- Community or resident groups
- Incorporated associations*
- Not-for-profit associations

- Auspiced organisations

**If your group is not incorporated, you can still apply for a grant provided that your application is auspiced and administered by an organisation that is incorporated.*

Auspicing entities must accept responsibility for the management of advanced funds and acquittal requirements as well as all insurance risk of the funded project. A letter of support from the auspicing entity is required at the time your application is submitted.

Examples of activities that won't be funded:

- Built infrastructure and fixtures
- If the request for support is part of a larger festival, project or event, which has received a grant or sponsorship from Clarence City Council
- If the event, project or activity is primarily commercial and has potential to make a significant profit
- Normal operating costs of the organisation or group, including but not limited to: Council lease costs, insurance premiums, payment of debts, existing and on-going salaries, auditing, rent or room hire, uniforms, consumables and other administrative expenses
- Funding for prize money, prizes or trophies
- Activities/events/projects that have commenced prior to funding being approved
- Activities or programs that are already delivered by Clarence City Council or are our core business
- Donations or fundraising activities that support the recurrent operations of the applicant
- Individual pursuits or professional development without a public outcome.

Where grant applications involve the dissemination of cultural information (for example interpretive panels or artworks) the proposed content must be agreed by Council prior to manufacture/installation.

The budget

You must provide a detailed budget outlining funding arrangements for your project. This helps the assessment panel to understand:

- How you are paying for the elements of your project such as materials, and fees
- Considerations regarding your project and the resources required to complete the project
- Which parts of the project council is funding
- Your contribution to the project (including in-kind support).

Council prioritises assistance to applicants who demonstrate that they are making a significant contribution to the project. This can be a combination of monetary and in-kind support.

Calculating voluntary or in-kind support

Community groups often rely heavily on in-kind support from their members. It is important to recognise this in your application as income. A general rate for volunteer contribution is \$40 per hour for non-skilled labour, and at relevant rates for professional services. Hours contributed by volunteers should not account for more than 25% of the total project budget.

In applying for this funding, we expect all applicants to ensure that they allocate sufficient funds within their budget to pay any collaborators a fair and living wage, in compliance with applicable labor standards and award guidelines. This should reflect the professional nature of the work and the time commitment required to successfully deliver the project.

Assessment criteria

Applications will be assessed in accordance with the following criteria:

1. The applicant/s must be an eligible organisation.
2. The activity must be undertaken within the Clarence municipality or be able to demonstrate that the activity will benefit residents of Clarence.
3. The applicant/s must have appropriate insurance coverage and have relevant workplace health and safety and risk management policies.
4. The activity must not lead to a conflict with council's legislative obligations, including competitive neutrality, and must not expose council to any unreasonable financial, legal, reputational, or other risks.
5. The activity must demonstrate alignment with council's adopted key strategies.
6. The activity to be undertaken must result in a community benefit (refer to Table 2 in General Grant Program Fact Sheet for examples), this may include administration or support functions that facilitate the community benefit outcome but does not include activities that are core to the organisation's ongoing operations.
7. Where proposed works are grant funded by another organisation/government, the applicant/s must demonstrate how the council grant assists to maximise the dollars spent and community benefit.
8. Demonstrated effort in seeking funding from other providers, to diversify funding sources across multiple organisation and levels of government where appropriate.
9. The applicant/s must have capacity to manage and achieve their project and to maintain outcomes.
10. The applicant/s must provide a detailed budget outlining:
 - a. funding arrangements for the project
 - b. which parts of the project council is funding
 - c. projected costs of the budget (reasonably itemised, including calculations for any voluntary/in-kind support to be provided)
 - d. contribution the applicant is making to the project (including in-kind support).
11. Requests over \$5,000 must also demonstrate a strategic long-term investment for the community.

In determining an outcome, council will also consider how many times you have previously been successful in obtaining a grant, and adherence to the grant agreement, to provide equity within the scope of available funds.

Community Grant applications are assessed by a panel of council officers, following which a report is prepared for consideration and approval of council.

The General Grants Program is very competitive, and demand will often exceed funding availability.

You are encouraged to ensure that you provide all required information to enable your application to be considered fully in competition with all requests received.

If you are unsure about your project, please contact the Community Grants Officer for additional information and guidance.

Your obligations – If you are successful in receiving a grant

If Council approves your grant, you are required to:

- Enter into a formal funding agreement with Council
- Expend the grant monies only on the activity for which the grant was approved
