

Clarence...
a brighter place

GUIDELINES

ENVIRONMENT & BIODIVERSITY GRANTS

OVERVIEW

More than a third of the Clarence City Local Government Area is natural bushland. Clarence City Council contains 88 bush and coastal reserves.

These spaces are planned for and managed through the Reserve Activity Planning process. This grant program is designed to support local communities and volunteer groups to sustainably manage and enhance the natural environment, in alignment with council's strategic and reserve plans.

Projects under this grant program should:

- Achieve significant conservation outcomes
- Create significant awareness of natural values and their management issues
- Align with adopted Reserve Activity Plans.

Proposals that do not align with these plans are unlikely to be successful.

Whilst projects will predominantly be on council land, projects on other tenure are still eligible, but the application needs to demonstrate outstanding community benefit.

Who is eligible?

- Community or resident groups
- Incorporated associations*
- Not-for-profit associations
- Registered charity organisations
- Auspiced organisations
- School groups.

**If your group is not incorporated, you can still apply for a grant provided that your application is auspiced and administered by an organisation that is incorporated.*

Auspicing entities must accept responsibility for the management of advanced funds and acquittal requirements as well as all insurance risk of the funded project. A letter of support from the auspicing entity is required at the time your application is submitted.

Funding available

We have two tiers of funding available for projects/activities:

Level 1 up to \$5,000, and

Level 2 from \$5,000 to \$10,000 ex GST*

**Requests over \$5,000 must demonstrate a strategic long-term investment for the community*

Example of long-term investment indicators include projects and activities that:

- provide a lasting community benefit which impacts a minimum 2 years
- deliver benefits that build local capacity over time (such as skills building, promotes self-reliance, strengthens local partnerships)
- requires the applicant to invest time and resources in establishing and maintaining the project or activity throughout this period
- have high visibility within the community or target group

What can you apply for?

Examples of eligible activities include:

- One-off events, activities or projects that sustainably manage and enhance the natural environment and align with council
- Programs, projects or programs focused on community education, engagement and awareness building of natural values
- Skill development and capacity building e.g. community workshops, or other training as it relates to the project or planned activities.

Examples of activities that won't be funded:

- Normal operational costs of the organisation or group, including but not limited to: consumables, membership or insurance (there is other support options for this), and other administrative expenses
- If the request for support is part of a larger festival, project or event which has received a grant or sponsorship from Clarence City Council
- Event, project or activity is primarily commercial and has potential to make a significant profit
- Funding for prize money, prizes or trophies
- Activities/events/projects that have already commenced prior to funding being approved
- Activities or programs that are already delivered by the City of Clarence or are our core business
- The purchase of equipment that is not specific to the delivery of the activity
- Individual pursuits or professional development, unless there is a public outcome

Where grant applications involve the dissemination of cultural information (for example interpretive panels or artworks) the content must be agreed with council prior to manufacture/installation.

Funding rounds and limits

Environment and Biodiversity Grants are assessed annually and in 2024, funding is provided in Round 2 for projects or events occurring from 1 June.

You may only submit one application for each funding round.

If you have previously received a grant from council, you will be unable to apply for another grant until the acquittal form is completed and returned.

Key dates

Round 2

Opens on 01 February

Closes on 31 March

Funding is available for projects commencing after 1 June.

Late applications will not be accepted.

You will be advised of your application's outcome in writing 6–8 weeks (about 2 months) after each round's closing date.

To provide for transparent and equitable decision-making, we are unable to provide outcome advice outside this process.

The budget

You must provide a budget outlining funding arrangements for your project. The budget's purpose is to demonstrate how the project will be funded. This helps the assessment panel to understand:

- How you are paying for the elements of your project such as materials, and fees
- Considerations regarding your project and the resources required to complete the project
- Which parts of the project council is funding
- Your contribution to the project (including in-kind support)
- Council prioritises assistance to applicants who demonstrate that they are making a significant contribution to the project. This can be a combination of monetary and in-kind support.

Calculating voluntary or in-kind support

Community groups often rely heavily on in-kind support from its members. It is important to recognise this in your application as income. A general rate for volunteer contribution is \$40 per hour for non-skilled labour, and at relevant rates for professional services. Hours contributed by volunteers should not account for more than 25% of the total project budget.

In applying for this funding, we expect all applicants to ensure that they allocate sufficient funds within their budget to pay any collaborators a fair and living wage, in compliance with applicable labor standards and award guidelines. This should reflect the professional nature of the work and the time commitment required to successfully deliver the project

Assessment criteria

Applications will be assessed in accordance with the following criteria:

- 1) The applicant/s must be an eligible organisation.
- 2) The activity must be undertaken within the Clarence municipality or demonstrate that it will benefit residents of Clarence.
- 3) The applicant/s must have appropriate insurance coverage and have relevant workplace health and safety and risk management policies.
- 4) The activity must not lead to a conflict with council's legislative obligations, including competitive neutrality, and must not expose council to any unreasonable financial, legal, reputational, or other risks.
- 5) The activity must demonstrate alignment with council's adopted key strategies.
- 6) The activity to be undertaken must result in a community benefit (refer to Table 2 in the General Grants Program Fact Sheet for examples), this may include administration or support functions that facilitate the community benefit outcome but does not include activities that are core to the organisation's ongoing operations.
- 7) Where proposed works are grant funded by another organisation/government, the applicant/s must demonstrate how the council grant assists to maximise the dollars spent and community benefit.
- 8) Demonstrated effort in seeking funding from other providers, to diversify funding sources across multiple organisation and levels of government where appropriate.
- 9) The applicant/s must have capacity to manage and achieve their project and to maintain outcomes.
- 10) The applicant/s must provide a detailed budget outlining:
 - a) funding arrangements for the project
 - b) which parts of the project council is funding
 - c) projected costs of the budget (reasonably itemised, including calculations for any voluntary/in-kind support to be provided)
 - d) contribution the applicant is making to the project (including in-kind support).
- 11) Requests over \$5,000 must also demonstrate a strategic long-term investment for the community.

In determining an outcome, council will also consider how many times you have previously been successful in obtaining a grant and adherence to the grant agreement, to provide equity within the scope of available funds.

If you are unsure about your project, please contact a grants officer for additional information and guidance.

Environment and Biodiversity Grant applications are assessed by a panel of council officers, following which a report is prepared for consideration and approval of council.

The General Grants Program is very competitive, and demand will often exceed funding availability. You are encouraged to ensure that you provide all required information to enable your application to be considered fully in competition with all requests received.

If you are unsure about your project, please contact council at landcare@ccc.tas.gov.au.

Your obligations – If you are successful in receiving a grant

If Council approves your grant, you are required to:

- Enter into a formal funding agreement with Council
- Expend the grant monies only on the activity for which the grant was approved
- Publicly acknowledge the support of Clarence City Council in any acknowledgements and media releases
- Invite the Mayor and councillors to attend any relevant function or event associated with the funded project
- Complete an acquittal report within three months after your project completion date as specified in your application.

If you would like to find out more, a copy of the acquittal form is available [here](#).

How to apply

Council has shifted its application process to SmartyGrants. To apply for a grant you need to register with SmartyGrants. Visit SmartyGrants or click the 'Apply now' button from the corresponding grant program, and then click 'Log in'. From the page that is displayed you can register as a user with SmartyGrants and start your application. You can also preview the application form.

CHECKLIST

- ☐ Ensure you are applying to the correct grant stream
- ☐ Give a clear description of the grant proposal and the anticipated community benefit
- ☐ Use clear and plain language, avoid the use of jargon
- ☐ Focus on key points when writing your application. Unsuccessful applicants often provide too much, or not enough, detail about how the project will be implemented and managed
- ☐ Remember to align the outcomes of your proposed project to goals and strategies of council's adopted plans
- ☐ Give clear information about your organisation. Do not assume the group will be known to the assessors
- ☐ Ensure the application is signed by an authorised person. Incomplete applications will not be considered
- ☐ Ensure the budget is sufficiently detailed and accurate
- ☐ You must include a copy of your current certificate of incorporation, and a recent financial statement with your application
- ☐ Letters of support from organisations and individuals directly involved with, or benefiting from the proposed project can strengthen your application
- ☐ Include copies of written quotes for all services and materials
- ☐ Lodge the application in SmartyGrants by the due date. Late applications will not be accepted
- ☐ Ensure the proposed project / activity does not commence before the application for funding is approved
- ☐ Include the costs of permits and insurances, if they are required, in your budget.
